STEM IN YOUR BACKYARD

proudly supported by: ThermoFisher SCIENTIFIC

Celebrate STEM
In Your Own Backyard

STEM In Your Backyard, has a vision to unite San Diego communities through sparks of science. Each program features a mini version of EXPO day on either a weekend afternoon or afterschool timeframe allowing for students,families and business leaders within each community to interact and engage in learning together. Meet a scientist or engineer and check out hands-on and interactive activities for the family!

Vista
