Re: Non-fatal shooting of Mr. John Edward Pantoja on October 15, 2012, involving Chula Vista Police Officer Raul Naranjo; Chula Vista Police Case No. 120013475; DA Special Operations Case No. 12-097PS; Deputy District Attorney assigned: Paul Azevedo

Dear Chief Bejarano:

We have reviewed the materials compiled by your Department's Crimes of Violence Unit concerning the non-fatal officer-involved shooting of Mr. John Edward Pantoja. This case was presented to the District Attorney's Office for review on August 5, 2013.

Summary

On October 15, 2012, Mr. John Pantoja committed an armed robbery of a CVS Pharmacy in the City of Chula Vista. Officer Raul Naranjo responded to the robbery and saw Pantoja standing on the sidewalk, outside of the store. Pantoja fired his pistol at Naranjo's approaching police car. Pantoja crossed the street then returned to his original firing location on the sidewalk, while armed with the pistol. Pantoja made several punching motions in Naranjo's direction. Naranjo returned fire and [redacted]

Persons Involved

At the time of the incident, Mr. John Pantoja was 22 years old and a resident of Chula Vista.

Chula Vista Police Officer Raul Naranjo had twelve years of experience as a police officer and was assigned to patrol duties. Naranjo was in full uniform and driving a marked police car.

Shooting Incident

Officer Naranjo answered a radio call of an armed robbery at the CVS Pharmacy, located at [redacted] Third Avenue in the City of Chula Vista. Officer Naranjo arrived and saw Mr. John Pantoja standing on the west side of the CVS Pharmacy building. Pantoja was standing

on the east sidewalk of Fourth Avenue, approximately 50 yards south of Naranjo's patrol car.

Officer Naranjo said Mr. Pantoja appeared to be waving at him. Naranjo thought Pantoja was the robbery victim. Naranjo drove his marked patrol car a short distance toward Pantoja. Suddenly, Pantoja began firing his pistol at Naranjo.

Officer Naranjo stopped his marked police car and ducked beneath his dashboard. Naranjo armed himself with his service rifle, climbed out of his car and took a position of cover at the rear of his patrol car. Naranjo watched Pantoja walk away in a southwest direction, toward a park that was across the street with a silver object in his hand. Pantoja then walked back across the street to the location he was standing when he first fired at Naranjo. Pantoja made punching motions toward Naranjo. Naranjo fired his rifle three times, striking Pantoja once in his left leg. Pantoja fell to the ground and was taken into custody. Pantoja was transported to the [redacted] Medical Center for treatment of his gunshot wound.

Investigation

The scene was secured and the investigation into the shooting was conducted. The investigation revealed Mr. John Pantoja robbed the CVS Pharmacy while armed with a silver colored .380 caliber semi-automatic pistol. Pantoja also robbed an individual store customer of his car keys. Pantoja left the store with $225 in a plastic CVS bag and the set of car keys. Pantoja dropped the car keys in the lot, a few feet away from the customer's vehicle. The keys were located later in the parking lot. The plastic bag containing the stolen cash was found in the pocket of Pantoja's shorts when he was taken into custody. Sergeant Richard Powers recovered a .380 caliber pistol three feet from where Pantajo was lying on the sidewalk. Toxicological analysis of Pantoja's blood revealed the presence of methamphetamine and cocaine.

Crime scene photographs as well as recorded telephone calls to the 911 Operator, security video, recorded police transmissions and witness interviews were reviewed. The security video showed Pantoja committing the armed robbery, exiting the store and walking toward the customer-victim's parked car. According to crime scene measurements, the approximate distance between the rear of Naranjo's patrol car and Pantoja's shooting location on Fourth Avenue was 140.1 feet. The investigation revealed Pantoja fired four rounds from his pistol. Four .380 casings were recovered from the street and sidewalk, consistent with the stated firing position. One live .380 caliber round of ammunition was located on the sidewalk. Pantoja's pistol was empty when he was taken into custody. No points of impact from Pantoja's weapon were located. The investigation also determined that Naranjo fired three times. Three expended .223 caliber shell casings were recovered at the scene.

Officer Naranjo's Statement

Officer Naranjo told detectives he responded to the CVS Pharmacy to meet with the victims and learn more information about the robbery. Once Naranjo arrived, he saw a male, later identified as John Pantoja, standing on Fourth Avenue about 50 yards south of Naranjo. Naranjo said Pantoja appeared to be waving his hand at him. Naranjo felt an urgency to meet with the assumed victim, so Naranjo drove south on the wrong side of the street to speak with Pantoja. That was when Pantoja began shooting at Naranjo. Naranjo stopped his car and hunkered down beneath the dashboard. Naranjo armed himself with his rifle and got out of his car. Naranjo took a position behind his car and watched Pantoja walk across the street toward the park with a silver object in his hand. Pantoja then turned around and walked back to his original shooting location. Naranjo explained that each time he (Naranjo) peered out, Pantoja would make a punching motion, arm extended, with his hand pointing toward Naranjo. Naranjo took aim with his rifle and fired three times at Pantoja, [redacted] Pantoja fell to the ground.

Mr. Pantoja's Statement

Mr. Pantoja admitted to robbing the CVS Pharmacy while armed with a loaded pistol. Pantoja also admitted to having a pistol in his hand when he was confronted by an officer. Pantoja did not admit to shooting at the officer. Pantoja said the last thing he remembered was falling to the ground when he was shot. Pantoja admitted he used drugs and had not slept for three days prior to this incident. Pantoja said he used drugs to work up the courage to commit the armed robbery and admitted to being a gang member.

Witness Statements

The three civilian witnesses were in the CVS Pharmacy when it was robbed. They were interviewed and were consistent in as much as they witnessed the robbery, saw that Pantoja was armed with a silver firearm, and they saw Pantoja walk out of the store. A few minutes later the witnesses heard gunshots outside of the store. They did not see the shooting incident.

Criminal Charges

On October 15, 2013, a jury found Mr. Pantoja was found guilty of one count of assault with a deadly weapon on a police officer and two counts of robbery with a gun. On November 21, 2013, Mr. Pantoja was sentenced to 19 years and 4 months in prison.

This review was conducted pursuant to the joint protocol between this Office and all San Diego County law enforcement agencies calling upon the District Attorney to conduct an independent assessment of the circumstances surrounding the use of deadly force.

Legal Analysis

In this case, Chula Vista Police Officer Raul Naranjo responded to investigate a report of an armed robbery. Upon his arrival he saw Mr. John Pantoja standing near the crime scene. Pantoja began firing a pistol at Naranjo. In response, and fearing for his life, Naranjo fired three shots from his rifle until Pantoja fell and was taken into custody.

Under California law, peace officers may use deadly force to protect themselves from the threat of death or great bodily harm and to use reasonable force in making an arrest. California Penal Code section 835a allows an officer to use reasonable force to make an arrest and to overcome resistance by a person for whom he had reasonable cause to believe has committed a public offense. That section states the officer need not retreat or desist on his effort to affect an arrest because of that person's resistance.

Conclusion

Based on the totality of these circumstances, it's readily apparent Officer Naranjo realized Mr. Pantoja was armed with a firearm and was firing at him. Naranjo feared for his safety and returned fire. Officer Naranjo therefore bears no criminal liability for his actions. A copy of this letter, along with the materials submitted for our review will be retained in our files.

Sincerely,

Report Date: 10/15/2012 2:45:46 AM	Detective Assigned: CV0835 - Page, Joe	Reviewed Date: 11/21/2012 08:09:35

On 10/15/2012 at approximately 0200 hours I received a call from Sgt. Heinz reference an armed robbery and officer involved shooting. I arrived at the CVPD at approximately 0300 hours and was advised a unit briefing would take place at the Command Post that had been established at Fourth Avenue and C Street, Chula Vista. Prior to leaving the CVPD, Sgt. Heinz and I checked on Ofc. Naranjo's welfare. Ofc. Naranjo was sitting in the lounge area with Agt. Martinez and Ofc. Sharpe [redacted] Agt. Martinez and Ofc. Sharpe advised us Ofc. Naranjo's legal representation was enroute.

We left the CVPD and I arrived at the Command Post at approximately 0400 hours. I saw numerous police in the intersection and surrounding areas. I saw the intersection, parts of Fourth Avenue and C Street, and the CVS and its parking lot cordoned off. I saw a police car stopped on Fourth Avenue just south of C Street facing southbound in the northbound lanes. I saw evidence markers around the rear of the police car next to three bullet casings. Approximately 30 yards south on the easterly sidewalk I saw a small pool of blood and clothing. Along the curbline and in the street west of the blood I saw more evidence markers next to four bullet casings.

Sgt. Heinz facilitated the briefing. Sgt. Powers provided the briefing to COV of the incident. He advised us an armed robbery occurred at the CVS store ([redacted]). Ofc. Naranjo arrived on scene first and aired he was being shot at by the suspect, later identified as John Pantoja. Ofc. Naranjo engaged Pantoja shooting him with his patrol rifle at least once in the leg. Sgt. Powers arrived on scene and secured Pantoja's handgun in his patrol car's trunk. Sgt. Powers also secured Ofc. Naranjo's rifle in his patrol car's trunk. Sgt. Powers stated he removed items from Pantoja's pants pocket, and recovered a roll of stolen money and secured them in his patrol car's trunk. Sgt. Powers advised us Pantoja had been transported to [redacted] for medical treatment. Ofc. Garza rode with Pantoja in the ambulance.

There were no other reported injuries.

FOR DETAILS ON PALE'S, FARGO'S AND DORNAN'S STATEMENTS, SEE OFC. CHAVEZ'S RECORDED INTERVIEWS.

Sgt. Heinz and I returned to the CVPD and spoke with Stuart Adams (Ofc. Naranjo's legal representative). Adams advised us Ofc. Naranjo would voluntarily provide a scene walk-thru. At approximately 0830 hours, we responded to the scene and Ofc. Naranjo provided a scene walk-thru. We concluded the scene walk-thru at approximately 0910 hours and returned to the CVPD.

FOR DETAILS ON SCENE WALK-THRU, SEE DET. ADKINS' RECORDING

Sgt. Heinz and I returned to the CVPD. Adams advised us Ofc. Naranjo would voluntarily provide a statement and be interviewed. Prior to the interview, Adams advised us Ofc. Naranjo had turned his recorder and recorded a small part of his contact with Pantoja. Sgt. Heinz conducted a recorded interview with Ofc. Naranjo. Adams and I were present during the interview.

SUMMARIZED STATEMENT OF OFC. NARANJO

He heard the call of an armed robbery. He heard dispatch advise the suspect (Pantoja) was heading towards the park. He believed Pantoja was going to run away through the park. He responded to the CVS to obtain additional information on Pantoja. As he arrived in the area he saw a person waving their arms as if flagging him down. He believed this person to be the store manager or employee who had just been robbed. He pulled along the curb and before he could get out, Pantoja started shooting at him. He heard popping sounds and recognized it was gun fire. He immediately realized it was the suspect. He saw Pantoja was holding a shiny object in his right hand. He saw Pantoja walk across the street towards the park. He got out of his car with his duty rifle and took a cover position behind it at the trunk. He saw Pantoja looking directly at him while walking. He saw Pantoja turn and walk back towards him and the area where Pantoja had shot at him. He believed Pantoja was returning to finish what Pantoja started and to shoot at him again. Each time he peered around his trunk he saw Pantoja "punch" out the gun towards him. He fired one round at Pantoja but missed. He peered around his car and saw Pantoja punch out the gun towards him. He fired a second round at Pantoja and Pantoja moved his leg (flinching motion). He saw Pantoja again punch out the gun towards him. He fired a third shot and Pantoja immediately fell to the ground. He saw the shiny object fall from Pantoja's hand. He saw other officers arrive on scene and secure Pantoja.

Ofc. Naranjo told us that he activated his recorder when he approached Pantoja. He asked Pantoja why he shot at the officer, but Pantoja only moaned in pain. He also advised us that he gave Sgt. Carlson a public safety statement. The interview ended at 1056 hours.

FOR DETAILS ON OFC. NARANJO'S STATEMENT, SEE SGT. HEINZ'S AND OFC. NARANJO'S RECORDINGS.

I later learned Pantoja had undergone surgeries [redacted]. Two officers were assigned to guard Pantoja during his hospital stay:

REPORT NARRATIVE

On 10/15/12, at approximately 0135 hours, Officers were dispatched to the CVS Store located at [redacted] Third Avenue on a report of an armed robbery that had just occurred. I was at 1685 Melrose Avenue taking a residential burglary report when I heard over the radio that shots were being fired. I was able to make out Officer Naranjo stating he was being fired upon. I left the residence and drove to the CVS.

When I arrived, I parked my patrol car facing northbound on the east side of the building to the CVS. I walked over to the west side of the parking lot where I saw a patrol car facing southbound in northbound lane. It was next to the east curb line. Further south of the west side of the building I saw the suspect. He was face down on the sidewalk. He was handcuffed. I walked over to the suspect and saw blood on his left leg.

Sergeant Powers then told me to collect a plastic CVS shopping bag, which was lying next to the suspect. I put gloves on and collected the plastic bag. I looked inside the plastic bag and I saw that it had another plastic bag inside of it. The plastic bag contained money. There was also a cellular phone, and a pack of Camel cigarettes.

I placed the plastic CVS bag inside a paper bag and secured the items in the trunk of my patrol car. I was then asked to go inside the store to obtain statements from the employees and any other witnesses. I walked to the store and saw a female employee and a male employee. I also saw an elderly male who appeared to be a customer. He was wearing the blue polo like the employees were.

REPORT NARRATIVE

*** Supplemental Report to Case# 12-13475 by Officer Jeff Smith #266 ***

On 10-15-12 at 0135 hrs i heard a radio call of an armed robbery that had just occurred at [redacted] Third Ave (CVS Pharmacy). I responded from the 600 blk of F St. Dispatch advised that the suspect had possibly fled on foot into Eucalyptus Park just west of the scene. I responded to the west end of Eucalyptus Park via [redacted] Monte Vista, which is an apartment complex that is on the north side of the park. I parked in the complex. I had heard Officer A Garza on the radio advise that he was parking in the lot of the baseball field in the 00 blk of Fifth Ave intending to walk into the park from the west end also.

Before I could exit my vehicle I heard a unit advise that shots were fired and sounded like they had come from Eucalyptus Park. I began approaching on foot. I walked north thru the far eastern edge of the ball field towards an area I knew there was a gate so that I could get into the park (it is surrounded by tall fences in this area). I did not see Officer Garza due to conditions of darkness.

As I approached I heard a number of radio transmissions and also could hear several gunshots that sounded loud and close, possibly in the park, but I could not tell for certain. The radio transmissions I heard were an officer advising that he was being fired upon and that the suspect was advancing on him. I recognized the voice as that of Officer Naranjo. Initially I had not heard where he was, thinking that it was somewhere in the park. Naranjo finally advised that he was beside the CVS Pharmacy on Fourth Ave. I walked across Eucalyptus Park (approx 300 yards distance) and got to the scene through a gate in the east fence line of the park. There were numerous police units already on the scene by the time I was able to get there on foot.

When I got to the scene I could see the suspect was laying face down on the east sidewalk of Fourth Ave with handcuffs on. He was next to the side of the CVS Pharmacy. He had an injury to one of his calves with some minor bleeding.

I took three digital photos using my cell phone with the intent to capture the scene prior to medics and numerous other responders entering the area and possibly disturbing evidence.

I was directed by Sgt Carlson to take up a traffic post at Glover Ave and C St to prevent vehicles from entering the area during the investigation. I was relieved by Officer CJ Burroughs at 0525 hrs and went to CVPD to complete my reports.

Later at the end of my shift I downloaded the photos that I had taken into the CVPD database.

I was unit #314J at the time of this incident and driving patrol unit #P25.

REPORT NARRATIVE

On 10-15-12 at aproximately 0135 hours I monitored a radio call of a robbery that had just occurred at CVS store located at [redacted] Third Avenue in Chula Vista. At the time of the call I was in the southern portion of the city. Enroute to the area I heard Officer Naranjo initially advise that shots were being fired. Shortly after his initial transmission he stated that shots were being fired at him. As I expedited my response I heard Naranjo state that the suspect was "walking toward him, about 20 yards away". The next transmission I heard as I neared his location was that the suspect was down. Naranjo immediately called for emergency medical services.

I arrived on the scene at approximately 0145 hours. I observed a hispanic male subject laying on the sidewalk on the east side of Fourth Avenue adjacent to the CVS store. Officers were approaching the suspect. I observed Sergeant Powers secure a weapon that was on the ground near the suspect. After units had the suspect in custody I responded to Officer Naranjo's location (north of where the suspect was located). Naranjo was visibly shaken by the events that had just occurred. I took possession of Naranjo's weapon (AR-15). I advised Naranjo that I had to get a public safety statement from him in order to insure the number and direction of the rounds that were fired. Naranjo told me that he believed the suspect had fired "4 or 5 " rounds at him (which would be in a northerly direction). Naranjo said that he returned fire and fired 3 rounds at the suspect (which would be in a southernly direction).

I asked Naranjo what the suspect's location was when Naranjo returned fire. Naranjo stated that the suspect was on the sidewalk or just off the curb on the east side of Fourth Avenue. Naranjo stated that he believed the rounds he fired were all in the direction of the suspect.

I stayed with Officer Naranjo until Agent I. Smith arrived. Sgt. R. Powers took possession of Naranjo's weapon and secured in the trunk of his vehicle. Naranjo told me that he never drew his sidearm. The only weapon that Naranjo used was his patrol rifle.

end of report.

REPORT NARRATIVE

On 10-15-12 at approximately 0130 hours Officer Naranjo, Garza, and I received a radio call of a robbery occurring at [redacted] Fourth Ave in Chula Vista. As I arrived on scene, I parked my vehicle on 400 block of C Street taking up the perimeter at the Target store.

As I arrived on the 400 block of C Street, I heard officer Garza update officers that shots were being fired in the area of Eucalyptus Park. I exited my vehicle and I immediately saw a Hispanic male behind [redacted] C Street. The subject had a bald head, wearing a blue sweatshirt with a charger bolt on the front, and blue jeans. I pointed my weapon at the subject and had him walk out from behind the building. I ordered him to assume a prone position with his hands out to his side. As I was giving the subject commands Sergeant Powers arrived to cover me. The subject followed all of my commands, and Sergeant Powers handcuffed him.

After the subject was handcuffed I heard Officer Naranjo update officers that he was being shot at from the CVS pharmacy. A National City Police Officer arrived and he stood with the subject as Sergeant Powers and I went to cover Officer Naranjo.

After the suspect was taken into custody I returned to talk to the subject who we had detained. The subject verbally identified himself as [redacted]. I unhandcuffed [redacted] and explained to him why we detained him. [redacted] told me he understood and he told me the following.

REPORT NARRATIVE

Narrative:

On 10-15-12, at approximately 0140 hours, I responded to a radio call of shots fired in the area of 4th Avenue and C Street, Chula Vista. I was on patrol in full uniform and driving a marked patrol unit. CVPD officers had originally responded to a radio call of a robbery incident at the CVS Store located at [redacted] Third Avenue, Chula Vista, which involved a gun used by the suspect.

I responded to the location in emergency Code-3 by activating my overhead lights and siren. While driving to the location, I clearly heard Officer Naranjo #998 on the radio say that the suspect was shooting at him. I heard him say he was "taking rounds" and the suspect was advancing on him. Upon my arrival, I saw Officer Naranjo standing next to his patrol vehicle. The suspect, later identified as John Pantoja ([redacted]90), was lying on the ground approximately 35 yards south of Officer Naranjo's patrol vehicle.

PANTOJA was lying on the east sidewalk of Fourth Avenue. This location is along the west wall of the CVS Store. As we approached PANTOJA, he had what appeared to be a gunshot wound to his left leg. Officer Puente #425 handcuffed PANTOJA as he lay on the ground. AMR unit #417 arrived on the scene to treat PANTOJA. CVFD Engine 51 was also at the scene to assist with the treatment. Firefighter Wilson, Firefighter Waller, and Captain Diaz were assigned to Engine 51.

AMR unit 17 transported PANTOJA to [redacted] Hospital for treatment. Officer Garza #1017 went with AMR because he had custody of PANTOJA.

At this point in the investigation, I proceeded to place yellow, Police tape around the area to secure the crime scene. The crime scene was just south of the intersection of 4th Avenue and C Street, Chula Vista. At exactly 0215 hours, I became the scribe of the crime scene and kept a log of anyone who came in and out of the crime scene. The following is the log I kept until I was relieved from this duty:

REPORT NARRATIVE

On 10/15/12 at about 0135 hours Officer R. Naranjo and I were dispatched to the CVS Pharmacy located at [redacted] Third Avenue in the city of Chula Vista in reference a robbery call. CVPD dispatch advised me that there is a Hispanic male wearing a "SD" hat and a charger jersey with a mustache had just left the CVS store armed with a handgun. The suspect just walked across the street to Eucalyptus Park located at [redacted] Fourth Avenue.

When I arrived on scene I parked my patrol car at the north end of the baseball fields of Eucalyptus Park because I would be able to see the park and two possible escapes if the suspect was to flee west through the park. Officer Naranjo pulled next to me on Fifth Avenue and I instructed him to go to the CVS store to obtain a better suspect description. I immediately asked for air support and a K9 Unit, I started establishing a perimeter by instructing responding units where to place themselves.

As I was instructing responding units on where to go, I heard what I believed to be a total of about eight gun shots. Five of the shots were in rapid succession then three were slow and sporadic. I immediately notified dispatch that I had just heard shots fired inside of the park. Officer Naranjo got on the air and advised that he was taking fire from the suspect who was advancing on him with his gun pointed at him. I started running from Fifth Avenue into Eucalyptus Park

Before I could make it to the scene I was advised that there was a suspect in custody. I then went back to my patrol car and went to the scene. I was instructed by Officer Puente to ride with the suspect in the back of the ambulance to the hospital. The suspect and I were transported by AMR 414 to [redacted] trauma.

The suspect would only provide me with his name and date of birth. The suspect verbally identified himself as John PANTOJA ([redacted]90). PANTOJA would not provide me with any of his other personal information. PANTOJA continually told me that he forgot where he lived, his social security number and phone number.

While conducting his medical evaluation PANTOJA told the emergency medical staff that he is a methamphetamine user and uses regularly. I then ask CV PD dispatch to send a phlebotomist to my location.

When I arrive at [redacted] there were several San Diego Police Department units asking if they could help. They advised their on duty supervisor on scene that I could use one of their units. The on duty supervisor provided me with a 2 man unit Officers Houchins and Radtke unit 627K3. The two officers assisted me as acting as a cover unit until PANTOJA went into surgery.

Prior to getting a CT scan, phlebotomist [redacted], arrived on scene on 10/15/12, at 0255 hours, phlebotomist [redacted] obtained a blood sample from PANTOJA.

Immediately after the CT scan which checked negative for any head trauma, PANTOJA was rushed into surgery for his [redacted] At 0320 hours PANTOJA started his surgery [redacted]

At 0800 hours Officer C. Harbin and R. Vicente arrived at [redacted] and took control of PANTOJA. I provided Officer Harbin with all items of evidence. I provided Officer Harbin with (2) micro cassette tapes. The cassette tapes are from my contact with PANTOJA, from getting into the ambulance until he entered surgery. I provided Officer Harbin with PANTOJA's shoes and socks he was wearing when we arrived at [redacted] and (2) vials of blood taken by AFN [redacted]

REPORT NARRATIVE Chula Vista Police Department

Supplemental by Sergeant R. POWERS (ID 323):

On 10/15/12 at approximately 0135 hours, I was on patrol in the 500 block of Broadway when I heard officers being dispatched to an armed robbery at the CVS pharmacy located at [redacted] Third Avenue. Dispatch advised the responding officers that the employees described the suspect as a Hispanic male adult wearing a Chargers hat, a Chargers shirt, and had a mustache. They also said that the suspect was armed with a gun and had fled the store towards Eucalyptus Park just west of the CVS and across fourth Avenue. I am currently assigned to the Patrol Division as a Patrol Sergeant and during my duties I am dressed in full uniform and drive a marked police car. Upon hearing the radio call I responded to the area to assist officers with a search of the area for the suspect

While I was responding I heard Officer GARZA (ID 1017) and other officers arrive in the area. Officer GARZA positioned himself on the west end of the park near some baseball fields and started directing other responding officers to locations around the area to contain the suspect in the park. Shortly thereafter, Dispatch updated the suspect's description stating he was wearing long blue shorts and his hat had "SD" on the front.

As I was arriving I heard an officer (possibly GARZA) broadcast there were shots fired in the park. I drove northbound on Fifth Avenue towards "C" Street when I saw GARZA running and pointing northeast in the direction of Eucalyptus Park. I drove east on "C" Street toward CVS when I saw a police car with its emergency lights on stopped in the roadway directly across from the park. I then saw Officer RODRIGUES (ID 1004) standing next to a smog repair shop located at [redacted] "C" Street pointing his rifle and giving commands to a Hispanic male hiding behind the building. I immediately exited my vehicle and went to assist him. Officer RODRIGUES had the subject later identified as [redacted] prone out on the ground. I handcuffed [redacted] when he told us he was not the suspect and the suspect was in the park. As soon as [redacted] told us that I heard small arms fire coming from the park area. I then heard Officer NARANJO advise he was taking rounds from the suspect. Immediately following that I heard what appeared to be three loud explosions from the same location. The explosions were later determined to be Officer NARANJO returning fire with his patrol rifle as the suspect was shooting at him. NARANJO requested and ambulance and advised the suspect was down in front of the CVS pharmacy.

I was a couple hundred feet from NARANJO just around the corner at which time I responded to his location. I traveled east on "C" Street then turned southbound on Fourth Avenue where I saw Officer NARANJO standing next to his patrol car with

his rifle out. His police car was pointed south in the northbound traffic lanes of Fourth Avenue along the east curb line. Officer NARANJO was looking south toward the CVS. Further down the street I saw the suspect, later identified as John PANTOJA [redacted]90), lying on the sidewalk along the east side of Fourth Avenue next to CVS pharmacy. I drove past NARANJO and PANTOJA and positioned my car just west of the suspect on the west side of the center median. I exited my patrol car drew my pistol and order PANTOJA not to move. PANTOJA said he was hurt and I could see blood on his leg and on the sidewalk. About three feet west of PANTOJA location lying in the street, was a silver colored small frame semiautomatic handgun with a black grip. It was later identified as a Davis Industries 380 caliber pistol. Within seconds after I arrived Sergeant CARLSON (ID 326), Officer PUENTE (ID 425), and Officer GARZA (ID 1017) arrived at my location. All three pointed their weapons at PANTOJA and ordered him not to move.

While giving PANTOJA commands I moved forward to secure the weapon and moved it away from him. Officers PUENTE and GARZA advanced towards PANTOJA and PUENTE handcuffed him while rolling him over on his stomach. I could see that PANTOJA was wearing the clothing described by the reporting party. After he was secured Officer PUENTE stayed with PANTOJA while I secured the firearm in the trunk of my car and Sergeant CARLSON contacted Officer NARANJO to check his welfare and obtained a safety brief regarding line of fire and the number of rounds fired by both subjects. After securing the weapon I covered Officer PUENTE who checked PANTOJA for any additional weapons. When he checked the pockets in his shorts he located a white CVS pharmacy bag. Inside the bag there appeared to be a bundle of U.S currency and cigarettes from what I could see. I had Officer CHAVEZ (ID 731), who had arrived, place the items into a paper bag and they were secured it in my trunk with the firearm.

CONFIDENTIAL
This case has been released by the Chula Vista
pursuant to California Penal
Code 1054.1 - 1054.7, subsequent distribution of
information is restricted by section
1054.2 and 1054.6. Officer GARZA rode with him in the
ambulance to the hospital. After PANTOJA was transported from the scene we began securing the crime scene with barrier
tape to protect the physical evidence. Lying in the street just west of where PANTOJA was lying were four expended casings.
They were lying across the northbound traffic lane of Fourth Avenue [redacted] sidewalk just west from where
PANTOJA was lying was a live round.
restricted by TNG vs. Superior Court.
Chula Vista Police Department

I then made contact with Sergeant CARLSON who released the rifle which had been used by Officer NARANJO. I made sure the rifle, which was marked #40, was on safe in which time I secured it in the trunk of my car with the other evidence. Neither the rifle nor the pistol recovered from the scene were changed in any way and were left in their original condition as found at the time of our arrival pending transfer to crime lab personnel. Next to Officer NARANJO's patrol car were three expended shell casing from his rifle. All the evidence was marked and secured with yellow police evidence markers pending collection by the crime lab.

While standing outside the CVS I was contacted by Officer CHAVEZ who had been interviewing the victims including an elderly male who had been shopping when the robbery occurred. CHAVEZ told me the suspect had taken the elderly males car keys and they were nowhere to be found. During a search of the parking lot the victim's car keys were found about ten to fifteen feet away from his car on the ground. The car was parked directly in front of the store. The keys were marked as evidence. We also had officers conduct a line search north and south of the crime scene looking for expended rounds and other evidence.

We maintained the scene security and Officer PADILLA was designated as the scene scribed documenting anyone who entered or left the scene. Later that morning detectives and supervisors from the Chula Vista Crimes of Violence Unit arrived. Sergeant CARLSON and I gave them a brief overview of the events. I walked Detective Adkins and Crime Lab Specialist Tara VENN through the crime scene pointing out what evidence had been located. After doing this I released the evidence in my trunk to lab technician VENN. I put on gloves and gave VENN the bag containing the items removed from PANTEJO's pocket. After that she asked if I could render the firearms safe. I first downloaded Officer NARANJO's rifle by taking out the magazine which had several live rounds left in it and removed one live round from the chamber. His rifle had the safety on when I originally received it. These items were given to VENN. I then removed the pistol recovered from the street next to PANTOJA and rendered it safe. First I removed the magazine, which was empty and then opened the chamber and found it also was empty. These items were also given to VENN who took custody of them. For further details see her report.

After releasing all the evidence in my trunk to VENN I submitted to a DNA swab for elimination as I had originally picked up the firearm without gloves to secure it from the suspect. I only touched the black portion of the handle in order to maintain any

physical evidence that might be on the firearm. Sergeant CARLSON and I remained at the scene until cleared by investigators. (For further details see the case report.)

Supplemental by Officer PUENTE (ID 425):

This is a Supplemental Report to an officer involved shooting that occurred at the CVS pharmacy located at [redacted] Third Avenue.

Chula Vista Police received a call of a robbery that just occurred at the store involving a Hispanic male adult. As officers arrived on the scene the suspect shot at the victim/officer. The victim/officer returned fire at the suspect striking the suspect. The suspect was later transported to [redacted] Trauma Unit for his injuries. (For further details to the incident see Crimes of Violence Investigative Reports.)

I responded to the CVS pharmacy located at [redacted] Third Avenue reference a robbery that had just occurred. As I was responding to the location several officers were on scene setting up a perimeter. At this time I heard Officer NARANJO advise there had been shots fired at the location. Officer NARANJO then advised the suspect was advancing on him and continued shooting at Officer NARANJO. I then heard Officer NARANJO say over the police radio that the suspect is down and he requested an ambulance to respond to the scene.

When I arrived at the location I pulled up onto Fourth Avenue and continued driving north to the CVS pharmacy. I parked my police car in the middle of the #1 lane of Fourth Avenue just south of the CVS store. When I exited my police car I saw a suspect lying on the east curbline of 00 Fourth Avenue. I and several other police officers approached the suspect at gunpoint at which point I then handcuffed the suspect, PANTOJA, behind his back. I then saw blood coming from his [redacted] and the suspect was stabilized until fire and paramedics could arrive and attend to his injuries. I then searched the suspect's pockets for any additional weapons. I removed items from his pockets and left them on the floor next to the suspect. One of the items removed from the suspects right front pocket was a CVS plastic bag that contained money. The suspects clothing and property was later collected by the crime lab.

Once the Chula Vista Fire Department and paramedics arrived on the scene the suspect's clothing was cut off and the suspect was then rehandcuffed onto the gurney of the stretcher. Officer GARZA escorted the suspect with paramedics to [redacted]. During the initial investigation I then pulled out my digital camera and took photographs of the suspect

and the crime scene where the suspect was shot. All of the photographs I took at the crime scene were later logged into the Chula Vista Police Department database as evidence.

REPORT NARRATIVE

On October 15, 2012 at approximately 0136 hours, Officer's were dispatched to CVS pharmacy located at [redacted] Third Avenue, Chula Vista reference an armed robbery. Dispatch informed responding units the suspect was armed with a handgun and fled westbound across Fourth Avenue into Eucalyptus Park.

Officers Garza, Naranjo, Rodriguez, and J. Smith arrived to the immediate area. Officer Garza coordinated the perimeter and requested air support and a K9 unit. I was in full police uniform driving a marked patrol vehicle in the area of Main Street and Date Street as I monitored the radio. Officer Garza continued coordinating a perimeter over the radio when I heard gun shots in the background. Officer Garza immediately stated there were shots fired.

I then proceeded to the scene code 3 (emergency lights and siren). While in route to the scene Officer Naranjo got on the air stating he was taking on gunfire. He said the suspect was advancing on him while shooting. There was a short pause in radio transmissions when Officer Naranjo advised the suspect was down and was being taken into custody.

As I arrived to the scene, I parked my patrol vehicle in the eastbound lanes of the 00 block of Third Avenue just north of CVS Pharmacy. I observed a patrol vehicle facing southbound in the northbound lanes of [redacted] Fourth Avenue. Behind the patrol vehicle stood Officer Naranjo with his patrol rifle still slung around his neck. I asked Officer Naranjo if he was okay. Officer Naranjo told me he was fine and not injured. I noticed there were three spent shell casings on the street near Naranjo and his patrol vehicle. I immediately used white sheets of paper folded in half to mark the shell casings in order to preserve them as evidence, until further instruction. The folded paper came from my department issued PD-700 notebook.

Approximately 30-40 yards south along the east curb line of Fourth Avenue I observed the suspect face down being taken into custody by officers. A short time after, paramedics arrived to render medical attention to the suspect. I walked up and noticed blood on the suspect and sidewalk. I could see that the blood was coming from one of the suspect's legs. The suspect was then taken to the hospital for treatment. The suspect's clothing, a dark colored t-shirt with color print, dark colored shorts, and a blue ball cap were left on the side walk. Also left along the sidewalk were the plastic remainders of medical supplies used on the suspect.

I then sealed off the southern portion of Fourth Avenue toward the rear of CVS pharmacy. I wrapped yellow police tape around a chain link fence and stretched it across Fourth Avenue. I then wrapped it around a light pole along the west curb

line of Fourth Avenue then continued west and tied it along the eastern fence line of Eucalyptus Park. I was the instructed by Sgt. Powers to search systematically for potential evidence, including spent shell casings and projectiles. I located one spent shell casing approximately 4-6 feet west of the east curb line of Fourth Avenue in the northbound lanes. I placed a folded sheet of notebook paper above the shell casing in order to preserve it as evidence. I did not locate any other evidence.

Sgt. Powers then instructed me to set up a second police tape barrier further south than my original barrier. Sgt. Powers wanted to ensure no vehicle or pedestrian traffic entered the crime scene. I ran police tape from the Villa Apartments sign located at [redacted] Fourth Avenue south sealing off the drive-way of the apartment complex. I then ran the yellow police tape approximately 35-40 yards south and wrapped it around a tree. The tape was run across Fourth Avenue along the chain link fence of Eucalyptus Park.

Sgt. Carlson then assigned me to preserve the southern portion of the crime scene where the suspect was incapacitated by gunshot wounds. Vehicles exiting the Villa Apartments were escorted southbound on to Fourth Avenue. All other foot and bike traffic were kept out of the crime scene. I was later relieved at approximately 0600 hours by Officer Monreal.

End of report.

CRIME SCENE:

Upon my arrival at the scene, I observed the following.

CVPD Patrol vehicle (P40) was parked in the #4 lane of northbound traffic of Fourth Avenue along the east curb line. This traffic lane is a designated turn lane for northbound traffic to merge onto eastbound Third Avenue. P40 was facing southbound and located just north of the Fourth Avenue entrance/exit to the CVS Pharmacy parking lot. P40 was in park, with the vehicle key in the ignition, engine running, driver's door fully in the open position, driver door window down and driving lights on. All other vehicle windows were in the full up position. The vehicle's emergency lights and siren were not activated at this time. The Smith & Wesson .223 caliber rifle was missing from the rack and the rack's weapon retention locking mechanism was in the open position. Located in the front right passenger's area were a black canvas officer's gear bag, a clipboard containing miscellaneous papers, a canvas lunch bag and a bottle of water. Near the right rear bumper of the vehicle, I observed three spent .223 caliber "Speer" shell casings on the asphalt. I did not locate or observe any obvious signs of damage to P40 that could have been caused by the vehicle having been impacted by bullet strikes.

Near the center of the parking lot located on the north side of the CVS Pharmacy, I observed a white Toyota Camry 4-door bearing CA license plate #[redacted] This vehicle was parked and unoccupied. There were no obvious signs of damage to this vehicle and it appeared to be locked. A short distance away from the vehicle and in the direction of the doors leading into the CVS Pharmacy, I noticed a set of keys on the ground. The keys appeared to include one (1) vehicle type key, three (3) residential type keys, one (1) blue and one (1) silver metal key chain charm.

Inside the CVS Pharmacy, I noticed the first counter and cash register area was covered by plastic. Directly next to the counter area was a "Red Bull" drink cooler, which was also covered by plastic. There did not appear to be any other items in this immediate area that seemed to be disturbed or out of place.

The west side of the CVS Pharmacy faces the 00 block of Fourth Avenue. From the west side of the entrance doors to CVS, is located a small set of stairs. These stairs lead down to the sidewalk of the east curb line of Fourth Avenue. There is also a concrete ramp leading to the south, which also allows pedestrian traffic access to and from Fourth Avenue. At the foot of this ramp and along the sidewalk, additional items of evidence were located.

In this area I observed a thick pool of a reddish brown liquid substance I believed to be blood. This pool of blood was approximately twelve (12) inches wide by twelve (12) inches long and was near the center of the sidewalk. Directly next to this area was a small pile of clothing also containing various amounts of a reddish brown material I believed to be blood upon them. There was a black t-shirt with yellow print, a blue pair of shorts and a black plaid pair of boxer shorts. All three of these items appeared to have been recently cut. A short distance away, there was a blue "Padres" hat and some various paper and plastic items, which appeared to have been left by the responding medical personnel.

To the immediate north of these items and along the eastern edge of the sidewalk was found a live .380 caliber round of ammunition. To the west of this location were found four (4) spent .380 caliber shell casings. These four items were found in

the street on the asphalt. One (1) was located in the #4 lane, one (1) in the #3 lane, one (1) in the #2 lane and one (1) in the #1 lane of north bound 00 block of Fourth Avenue.

I took approximately twenty (20) digital pictures of the scene upon my arrival. I later placed these photographs onto a compact disk and provided them to CVPD Evidence Technician T. Venn to be logged into CVPD Property. CVPD Evidence Technician D. Garber arrived and photographed the scene and evidence. Please refer to his supplemental report for further details.

Evidence Technician Venn and I accompanied Sgt. Powers to his Patrol Supervisors vehicle (P4) trunk to observe and collect evidence he secured there. Sgt. Powers put on a pair of latex gloves and opened the trunk of P4. He removed a Smith & Wesson .223 caliber rifle from the trunk. The weapon bore serial #[redacted] upon it and the #40 upon the stock. Sgt. Powers informed me he had collected this weapon from Off. Naranjo immediately after the incident. I noted at this time that the weapon's safety was on, the bolt was forward, and there was a 30 round "PMAG" seated in the magazine well bearing the #40 upon it. I continued to observe as Sgt. Powers checked to insure the safety was on, removed the magazine from the magazine well and pulled the charging handle to the rear. One live .223 "Speer" round was ejected from the chamber. He engaged the bolt catch and visually inspected the weapon to insure it was empty. I further observed the weapon's rear iron sight was folded down at this time. Sgt. Powers held the weapon in Department pursuant to California Penal scope mounted upon the weapons top rail. I noted the "Aim Point" was current to illuminated "red dot" sight.

Chula Vista Police Department

Also from the trunk, Sgt. Powers removed a small chrome with black plastic grip Davis Industries model P380, .380 caliber semi-automatic pistol. This weapon bore the serial #[redacted] upon it. Sgt. Powers stated he had found this weapon on the sidewalk next to the suspect, Pantoja. The weapon was within reach of Pantoja, so he quickly removed the weapon and secured it inside the truck of P4. I noted that the slide was forward and a magazine was seated in the magazine well. The weapon did not appear to have an external safety mechanism. Sgt. Powers removed the magazine from the magazine well. The magazine was stamped on the side as being a P380 and 5 rounds. It did not possess any ammunition in it. He then pulled the slide back and I observed that the chamber was empty.

Sgt. Powers then removed a brown paper bag from the trunk. The paper bag contained a white plastic CVS shopping bag. This bag contained another white CVS shopping bag. This second bag contained a yet undetermined amount of U. S. currency and an unopened pack of "Camel" brand "Crush" cigarettes.

Forensic Technician Venn collected all of these items at approximately 0445 hours. Please refer to Sgt. Powers and Forensic Technician Venn's supplemental reports for additional details.

At approximately 0530 hours, Forensic Technician Venn collected all remaining items of evidence previously mentioned in this report.

At approximately 0630 hours, Forensic Technician Venn processed the walkway railing for latent fingerprint. She located and collected four latent prints from the south end of the railing. She did not locate any prints on the railing along the small staircase. She also processed the counter top register area and the "Red Bull" cooler inside the CVS at approximately 0645 hours. This area also checked negative for latent prints.

Detective D. Beatty #625 collected video footage of the interior of the CVS Pharmacy containing images of the suspect and victim's during the robbery. Please refer to Det. Beatty's supplemental report for further details.

Detective R. Cruz #568 checked for addition video surveillance footage at the Jack-in-the-Box located at [redacted] North Fourth Avenue in Chula Vista. Although their system appeared to be operating normally, there were not any camera angles sufficient to have captured video evidence of the incident. Please refer to Det. Cruz's supplemental report for further details.

At approximately 0835 hours, Off. Naranjo provided us with a walk-thru of the crime scene. The personnel present included Off. Naranjo, Captain Ficacci, Sgt. Peak, Sgt. Heinz, Agt. Winslow, ADA Grapilon, Atty. Stuart Adams, Forensic Technician

Garber and I. I taped recorded this briefing, placed it onto a Compact Disk and provided it to Evidence Technician Venn to be logged into CVPD Property. Please refer to audio disk for further details.

At approximately 0905 hours, I released items of personal property belonging to Off. Naranjo back to him, which were located inside of P40. This included a black nylon gear bag, a nylon lunch bag, a clipboard with paperwork, and a bottle of water.

At approximately 0925 hours, Off. M. Schneider #805 arrived and drove P40 from the scene and back to CVPD.

At approximately 0955 hours, Bio-Shield Environmental employees, [redacted] and [redacted] arrived at the scene. They conducted a cleanup of all biological material remaining at the scene. They completed their cleanup at approximately 1020 hours.

At approximately 1030 hours, CVPD Motor Officers B. Carter #986 and Pedro Diaz #695 completed their mapping of the crime scene and surrounding area. Please refer to their supplemental reports and maps for further details.

The scene was opened back up to the public at 1030 hours.

On 10/16/12, Evid. Tech Venn and I arrived at [redacted] at approximately 1030 hours. Venn and I took several digital photographs of Pantoja. Neither Venn nor I spoke to Pantoja and he did not make any statements to us. Venn collected a right thumbprint from Pantoja at this time.

While I was standing nearby, a male nurse was standing directly next to Pantoja's hospital bed checking a monitor. Pantoja began complaining to the nurse that they (the medical staff) were not treating him very good. Pantoja then stated that the reason they were not treating him well was because of what happened with "that cop." Pantoja continued to say that he did not remember anything about what happened with "that cop." He stated this two separate times while I was standing nearby.

At CVPD, Venn provided Pantoja's right thumbprint she had collected to CVPD Latent Print Examiner, Leta Houle. Houle compared the thumbprint to a known set of prints belonging to John Edward Pantoja (dob [redacted]90). Houle advised me the print was a match. I have also provided Venn with approximately fourteen (14) compact disks containing video and audio evidence related to the investigation, which have been logged into CVPD Property. Please refer to her supplemental report for further details.

Venn and I then examined the PMAG #40. I observed as Venn removed the rounds from the .223 caliber 30 round magazine. From the magazine, she removed a total of twenty-six (26) rounds. There was one (1) additional round collected originally from the chamber of the weapon. The overall total of live .223 rounds collected from Off. Naranjo's patrol rifle was twenty-seven (27).

We then examined the contents of the bag containing the items collected from Pantoja's pockets by Off. Puente. The bag contained two (2) one dollar bills. There was a white plastic CVS bag containing another similar white plastic CVS bag inside. This second bag contained the following items. One (1) pack of "Camel" brand "Crush" cigarettes. Seventy-five (75) one dollar bills = $75.00, ten (10) five dollar bills = $50.00, and twenty (20) five dollar bills (paper clipped together) = $100.00.

Additionally, I have submitted lab requests to have both weapons test fired and for those resulting shell casings to be compared to ones collected at the scene. A DNA analysis request was also submitted to have the Davis Industries P390 and the keys found in the parking lot to be examined and compared to Pantoja.

REPORT NARRATIVE

On 10/15/2012 I assisted Detective Winslow and other members of the Chula Vista Police Department's Crimes of Violence Team with the investigation of Chula Vista Police Department (CVPD) case 120013475, a PC 664/187 attempt murder investigation. For further details please refer to Lead Detective Winslow's investigative report.

Upon arriving at the Chula Vista Police Department I was requested to contact Officer Naranjo the victim of this incident, and witness the documentation of items of evidence from his person by Chula Vista Police Department Forensic Specialist Garber. I contacted Officer Naranjo at approximately 0405 hours, at the Chula Vista Police Department, as he was speaking with Chula Vista Police Department [redacted] Officer Sharpe #809. [redacted]

Officer Sharpe told me Officer Naranjo had not made any statements reference the shooting.

I advised Officer Naranjo of the need to obtain photographs and other evidence from his person by CVPD Forensic Specialist Garber. I escorted Officer Naranjo to the Chula Vista Police Department's Evidence area at which time Forensic Specialist obtained several items of evidence. Please refer to FS Garber's report. At the time of the evidence processing Officer Naranjo was in full Chula Vista Police Department uniform and duty belt. Officer Naranjo advised me his uniform had no tears or damage as a result of the incident. FS Garber took numerous photographs to document this fact.

I obtained Officer Naranjo's Sig Sauer P226 issued pistol, serial number [redacted] and inspected it. I noted the barrel and chamber of the pistol were both clean, had a thin film of oil, and had no gunshot residue, or burnt powder scent typically found after a firearm has been discharged. I noted there was an unspent round in the chamber, and the magazine was full, with fifteen live rounds. Officer Naranjo had two-issued pistol magazines on a magazine pouch attached to his duty belt. I inspected both magazines and found they were also clean, and contained fifteen live rounds each. Officer Naranjo confirmed he had not fired the pistol in the incident and I returned it to him. At approximately 0430 hours I escorted Officer Naranjo back to Officer Sharpe's location and attended to other duties.

ITEMS EXAMINED:

On 11-7-2012, I retrieved the following from the Latent Print Unit files:

- Item #26 - One (1) sealed white envelope containing one (1) tenprint card photocopy with the name John Edward PANTOJA and an inked right thumb, collected by Forensic Specialist T. VENN #1044 on 10-15-2012.

- Item #37 – One (1) sealed white envelope containing four (4) latent print cards collected by Forensic Specialist T. VENN #1044 on 10-18-2012.

On 11-7-2012, I retrieved the following from the San Diego Sheriff's Web Archives:

- A tenprint and palmprint exemplar with the name John Edward PANTOJA dob [redacted] 990; SID [redacted]

Chula Vista Police Department

RESULTS AND CONCLUSIONS:

I analyzed and compared the tenprint card of John Edward PANTOJA and the inked right thumb, both from item #26 and determined them to be from the same source

I analyzed the latent print cards from items #36 and #37 and labeled them as Q1-Q9. Latent prints of comparison quality were observed on latent print lifts Q1, Q3, Q4 and Q5. The remaining latent print cards were no value for comparisons.

Comparisons conducted with the tenprint and palmprint exemplar for John Edward PANTOJA to the latent print lifts Q3 and Q5 excluded him as the source of these latent prints. Comparisons with Q1 and Q4 were inconclusive due to an incompletely recorded palmprint exemplar.

A complete and clearly recorded palmprint exemplar is needed for further comparisons.

Note: If additional comparisons are necessary in the future, please notify the Forensic Laboratory's Latent Print Unit as to the status and necessary completion date of the case.

DISPOSITION OF ITEMS EXAMINED:

The latent prints from items #36 and #37 and the known prints of PANTOJA from item #26 will be retained in the Latent Print Unit Files of the Chula Vista Police Department.

The PANTOJA exemplar and all other notes pertaining to this case will be retained in the Crime Laboratory Files of the Chula Vista Police Department.

SDSO Case #: 12008076		SDSO Division or Outside Agency:		Outside Agency Case #: 12001 3475

Collecting Officer: T. VENN	ID #: 1044	Assigned Detective: S. ADKINS	ID #: 412	Contact Phone #: [redacted]
Victim Name(s): OFF. R. NARANJO		Suspect Name(s) or Unknown: JOHN EDWARD PANTOJA		

Is there a known suspect(s) in this case? ☒ Yes ☐ No

If yes, has reference sample(s) been submitted? ☒ Yes ☐ No

Is it likely that there is more than one possible perpetrator of the crime? ☐ Yes ☒ No ☐ Maybe

Note: If there is a named suspect(s) in this case and you want to compare evidence samples to a known individual(s), a "reference oral swab" kit should be collected and submitted with the evidence even if the individual(s) is known to have a DNA profile on file in the state or national offender DNA database of CODIS.

Is the potential biological evidence believed to have originated from the perpetrator(s) of the crime? ☒ Yes ☐ No

Note: Only "suspect" evidence profiles are eligible for CODIS entry. Profiles originating from a victim or some other lawful source (i.e. not related to the crime) may not be put into the CODIS database.

Are any elimination samples needed? ☒ Yes ☐ No ☐ Maybe

If yes, have they been submitted? ☒ Yes ☐ No

Note: If it is possible that the potential biological evidence may have come from a source other than the perpetrator of the crime or may contain a mixture of DNA, e.g. suspect & victim, an elimination sample from the victim(s) or other individuals might be needed. A scenario where this situation might exist would include evidence such as a swab collected from the steering wheel of a recovered stolen vehicle.

Re: Non-fatal shooting of Mr. John Edward Pantoja on October 15, 2012, involving Chula Vista Police Officer Raul Naranjo; Chula Vista Police Case No. 120013475; DA Special Operations Case No. 12-097PS; Deputy District Attorney assigned: Paul Azevedo

Dear Chief Bejarano:

We have reviewed the materials compiled by your Department's Crimes of Violence Unit concerning the non-fatal officer-involved shooting of Mr. John Edward Pantoja. This case was presented to the District Attorney's Office for review on August 5, 2013.

Summary

On October 15, 2012, Mr. John Pantoja committed an armed robbery of a CVS Pharmacy in the City of Chula Vista. Officer Raul Naranjo responded to the robbery and saw Pantoja standing on the sidewalk, outside of the store. Pantoja fired his pistol at Naranjo's approaching police car. Pantoja crossed the street then returned to his original firing location on the sidewalk, while armed with the pistol. Pantoja made several punching motions in Naranjo's direction. Naranjo returned fire and wounded Pantoja in his left leg.

Persons Involved

At the time of the incident, Mr. John Pantoja was 22 years old and a resident of Chula Vista.

Chula Vista Police Officer Raul Naranjo had twelve years of experience as a police officer and was assigned to patrol duties. Naranjo was in full uniform and driving a marked police car.

Shooting Incident

Officer Naranjo answered a radio call of an armed robbery at the CVS Pharmacy, located at [redacted] Third Avenue in the City of Chula Vista. Officer Naranjo arrived and saw Mr. John Pantoja standing on the west side of the CVS Pharmacy building. Pantoja was standing

on the east sidewalk of Fourth Avenue, approximately 50 yards south of Naranjo's patrol car.

Officer Naranjo said Mr. Pantoja appeared to be waving at him. Naranjo thought Pantoja was the robbery victim. Naranjo drove his marked patrol car a short distance toward Pantoja. Suddenly, Pantoja began firing his pistol at Naranjo.

Officer Naranjo stopped his marked police car and ducked beneath his dashboard. Naranjo armed himself with his service rifle, climbed out of his car and took a position of cover at the rear of his patrol car. Naranjo watched Pantoja walk away in a southwest direction, toward a park that was across the street with a silver object in his hand. Pantoja then walked back across the street to the location he was standing when he first fired at Naranjo. Pantoja made punching motions toward Naranjo. Naranjo fired his rifle three times, striking Pantoja once in his [redacted] Pantoja fell to the ground and was taken into custody. Pantoja was transported to the [redacted] for treatment of his gunshot wound.

Investigation
The scene was secured and the investigation into the shooting was conducted. The investigation revealed Mr. John Pantoja robbed the CVS Pharmacy while armed with a silver colored .380 caliber semi-automatic pistol. Pantoja also robbed an individual store customer of his car keys. Pantoja left the store with $225 in a plastic CVS bag and the set of car keys. Pantoja dropped the car keys in the lot, a few feet away from the customer's vehicle. The keys were located later in the parking lot. The plastic bag containing the stolen cash was found in the pocket of Pantoja's shorts when he was taken into custody. Sergeant Richard Powers recovered a .380 caliber pistol three feet from where Pantajo was lying on the sidewalk. Toxicological analysis of Pantoja's blood revealed the presence of methamphetamine and cocaine.

Crime scene photographs as well as recorded telephone calls to the 911 Operator, security video, recorded police transmissions and witness interviews were reviewed. The security video showed Pantoja committing the armed robbery, exiting the store and walking toward the customer-victim's parked car. According to crime scene measurements, the approximate distance between the rear of Naranjo's patrol car and Pantoja's shooting location on Fourth Avenue was 140.1 feet. The investigation revealed Pantoja fired four rounds from his pistol. Four .380 casings were recovered from the street and sidewalk, consistent with the stated firing position. One live .380 caliber round of ammunition was located on the sidewalk. Pantoja's pistol was empty when he was taken into custody. No points of impact from Pantoja's weapon were located. The investigation also determined that Naranjo fired three times. Three expended .223 caliber shell casings were recovered at the scene.

Officer Naranjo's Statement
Officer Naranjo told detectives he responded to the CVS Pharmacy to meet with the victims and learn more information about the robbery. Once Naranjo arrived, he saw a male, later identified as John Pantoja, standing on Fourth Avenue about 50 yards south of Naranjo. Naranjo said Pantoja appeared to be waving his hand at him. Naranjo felt an urgency to meet with the assumed victim, so Naranjo drove south on the wrong side of the street to speak with Pantoja. That was when Pantoja began shooting at Naranjo. Naranjo stopped his car and hunkered down beneath the dashboard. Naranjo armed himself with his rifle and got out of his car. Naranjo took a position behind his car and watched Pantoja walk across the street toward the park with a silver object in his hand. Pantoja then turned around and walked back to his original shooting location. Naranjo explained that each time he (Naranjo) peered out, Pantoja would make a punching motion, arm extended, with his hand pointing toward Naranjo. Naranjo took aim with his rifle and fired three times at Pantoja, striking Pantoja once [redacted] Pantoja fell to the ground.

Mr. Pantoja's Statement
Mr. Pantoja admitted to robbing the CVS Pharmacy while armed with a loaded pistol. Pantoja also admitted to having a pistol in his hand when he was confronted by an officer. Pantoja did not admit to shooting at the officer. Pantoja said the last thing he remembered was falling to the ground when he was shot. Pantoja admitted he used drugs and had not slept for three days prior to this incident. Pantoja said he used drugs to work up the courage to commit the armed robbery and admitted to being a [redacted]

Witness Statements
The three civilian witnesses were in the CVS Pharmacy when it was robbed. They were interviewed and were consistent in as much as they witnessed the robbery, saw that Pantoja was armed with a silver firearm, and they saw Pantoja walk out of the store. A few minutes later the witnesses heard gunshots outside of the store. They did not see the shooting incident.

Criminal Charges
On October 15, 2013, a jury found Mr. Pantoja was found guilty of one count of assault with a deadly weapon on a police officer and two counts of robbery with a gun. On November 21, 2013, Mr. Pantoja was sentenced to 19 years and 4 months in prison.

This review was conducted pursuant to the joint protocol between this Office and all San Diego County law enforcement agencies calling upon the District Attorney to conduct an independent assessment of the circumstances surrounding the use of deadly force.

This case shall not be released by the Chula Vista Police Department pursuant to California Penal Code 11075-11081 subsequent distribution of information contained is restricted by section 11140-11144. Release of juvenile records is restricted by TNG vs. Superior Court.

Legal Analysis

In this case, Chula Vista Police Officer Raul Naranjo responded to investigate a report of an armed robbery. Upon his arrival he saw Mr. John Pantoja standing near the crime scene. Pantoja began firing a pistol at Naranjo. In response, and fearing for his life, Naranjo fired three shots from his rifle until Pantoja fell and was taken into custody.

Under California law, peace officers may use deadly force to protect themselves from the threat of death or great bodily harm and to use reasonable force in making an arrest. California Penal Code section 835a allows an officer to use reasonable force to make an arrest and to overcome resistance by a person for whom he had reasonable cause to believe has committed a public offense. That section states the officer need not retreat or desist on his effort to affect an arrest because of that person's resistance.

Conclusion

Based on the totality of these circumstances, it's readily apparent Officer Naranjo realized Mr. Pantoja was armed with a firearm and was firing at him. Naranjo feared for his safety and returned fire. Officer Naranjo therefore bears no criminal liability for his actions. A copy of this letter, along with the materials submitted for our review will be retained in our files.

W: It looks all bandaged?

P: Yeah, bandage...

H: ...a little bar in there...

P: Yeah

H: ...inaudible...um, hold on a second...

P: I just know they say I did it, hit an officer...wake up the other morning...was on the air...I told them look officers, I don't know what, I don't remember what happened and if you guys think I have a personal issue toward you guys, I'm not, I really don't remember what happened that day. I just remember waking up here. So, like, don't, please don't...mistreat me because I'm really thinking that you guys have a personal issue with me. I really don't remember what happened that day...

W: Mm-hmm

H: Why would you think that we would mistreat you? Is it, do you go by John or Johnny?

P: Johnny

H: Johnny?

P: Yeah, I just...

H: Okay, I mean, I mean...first of all, you know we're here, uh, you know, we let you get as much rest as possible to talk to you about what happened...

P: Right

H: ...that night. Um, because we want, we want to know what happened, too. Uh, obviously it was something that was extremely serious and something went down that's, you know, may or may not, not have been, is what was expected...

P: Right

H: And we have one side, one, one view of, of somebody who had something happen to him. But we are also here to give you an opportunity to tell the truth about what, what might have been happening. Now, it might be beneficial if we actually bounce backwards a couple of days and started talking about what you were doing leading up to the event. And that might give us some sort of clarity about how you got into the position that you were in that night and how you ended up here. Is that a pretty fair statement?

P: Well, yeah. But I, I really don't remember, sir. I really don't.

H: Okay. How about information, like, where are you currently living right now?

P: Um. I was staying, I was staying in the streets.

H: Were you?

P: Because I just got out about a month ago.

H: From where?

P: From...inaudible...

H: Okay. Where were you housed?

P: I was on the run.

H: Okay...inaudible...

P: So, I was staying in people's, like, people's different houses. I was staying in different houses.

H: Um, were you, where was the last house that you stayed? Do you remember?

P: Uh, probably my mom's.

H: And where's that at?

P: Um, man, I think it's in, like, by, it's on [redacted]?

H: Were you using a car?

P: No, walking.

H: Were you getting on the trolleys?

P: Yes

H: Okay. Do you remember, do you remember, uh, do you know what day it is today?

P: Probably like the twentieth?

H: The twentieth? What day of the week do you think it is?

P: Oh man. I don't even know, sir.

H: You don't know? How about any, any, any methamphetamine? Have you been using any methamphetamine lately, Johnny?

P: Yeah

H: Are you, would you consider yourself having a problem with methamphetamine?

P: Yeah, I couldn't. Yeah, it wasn't for me.

H: Um, do you remember how you were getting any money?

P: That night?

H: How about any nights?

P: I don't know, I don't think I had no money on me.

H: If you didn't have any money on you, Johnny, what would you possibly do to get money?

P: Probably business.

H: Right. Let me tell you something. First of all, my partner and I, um, I appreciate you talking to us…

P: …inaudible…

H: …And, and we're going to treat you, you know, the way that you treat us. Right now you're treating us with, with a lot of, of respect…inaudible…it sounds like you're coming pretty straightforward. Like you want to be truthful and that you want to, you want to know about what happened all the way, too. Are you curious about what happened?

P: Yeah, I'm curious man because…

H: Okay.

P: You know

H: …I'll tell you the truth. So will my partner if, are you going to be willing to tell the truth also if you know it?

P: If I want.

H: Okay. Now, just a little bit ago you said that you, you, if you didn't have any money that you would probably rob some business to get money.

P: Mm-hmm

H: Do you, if you can remember, when was the last time that you actually had to go rob a place to get money?

P: Well, I did five years. I did five years and I just got out about a month ago so I think that same night I did.

P: ...CVS?

H: Was it a CVS in Chula Vista?

P: Yeah, like on Fourth?

H: On Fifth Avenue?

P: Yeah, like around there?

H: Did, did you rob a person or the store?

P: The store.

H: By, by gunpoint or knifepoint or what?

P: I just, I told them give me money.

H: Did you tell them that you had a gun but you really didn't have one?

P: Yeah, I did.

H: You did?

P: Yeah

H: I'm a little bit curious because obviously I've never robbed a store...

P: Right

H: Is it typical for you to use methamphetamine before you do something like that?

H: That was that first night you think you, when you got out that you actually went to CVS and robbed the place?

P: Yes

H: Did you have a hoody on or a hat on or anything?

P: I don't remember.

H: You don't remember?

H: So is it, I mean, I, I believe you Johnny when you tell me you don't remember firing at the officer. But what I'm asking you, is it true that you used methamphetamine just earlier before that robbery?

H: ...believe you waited...

P: I don't remember shooting an officer.

H: Okay, but you don't remember shooting at him, but I'm asking you, do you think it's possible that since the fact that you were under the influence of methamphetamine that you, you did shoot at him?

P: ...inaudible...

H: He's not, he's not hurt...That, that is a good thing in this, right?

P: San Diego

P: Not really, it was, it happened, it happened too fast. A bunch of cars came up.

H: Okay. If that lady behind the store was here, the clerk?

P: Yes

H: What would you want to say to her?

P: ...Well, she knows I wasn't, it seemed like she knows that I wasn't really, like, in the right state of mind during all that stuff.

P: Yeah

H: Yeah. Did you ever check on e-warrants to make sure you had one?

P: Well, it's not even that. It's just I couldn't have, you know, not because I was, I was on the run? I couldn't get any kind of for an ID card so yeah I did check my name one time.

H: To your leg?

P: Yeah

H: So you think, you, you, now when we first talked and you said I don't remember but now as we're sitting here right now you say you remember now that you had the gun in your hand when the officer pulled over?

P: Well, yeah, that kind of makes sense now.

H: Okay, did you, did you wave at the officer?

P: No

H: No? Did, uh, do, do you think you pointed the gun at the officer?

P: I'm not sure, sir. I got to, got to watch the video. The video will help me out.

H: ...inaudible...the meth that you used? Would you consider it to be, like, did you, did you use a bomb amount? Or did you just use an average amount that made you feel...?

P: No...I was drinking too...

H: Oh, you were also drinking...?

P: I was in the streets, man. I was just, like, practically I feel hopeless man, seriously.

H: Did it make you feel any different when I asked you or I told you that the officer was not hurt?

H: ...I mean, um, we feel pretty confident by the, the, the evidence that we found at the scene that you did fire your gun at the officer. Does that, how do you feel about that?

P: Yeah, and now I'm just trying to get my sleep in because I, I didn't sleep for like three days.

H: So you think you were on...you were up for about three days before you went in to do that robbery at CVS?

P: Yeah, so now I just wake up here, I'm like, I wake up in pain for my leg. Wake up in pain and I don't even know what the hell happened.

H: That's what happened. Obviously you got into some sort of a, an issue with a police officer in Chula Vista outside the store after you robbed it...

P: Okay

H: ...And you had, uh, it, it appears that you had a gun in your hand. And that you, you mostly fired it at the officer when he pulled up in his car. And then the officer got out

P: Yeah

H: Yeah. So, I appreciate you telling us, you know, talking to us. Uh, it sounds to me like you want to try to work some of this stuff out. Is that fair?

P: Yeah, man.

P: My first time...

H: Yeah? So my partner might have a few questions for you.

W: I understand that you used to live in that area over off [redacted]?

P: Oh, yeah

W: When's the last time that you had been over there?

P: Well, I was staying around there.

W: You were?

P: Yes

W: And you used to live over there? For how long?

P: About a couple years.

W: So you're pretty familiar with it?

P: Yes

W: And that park?

P: Yes

W: Right there behind Fifth.

W: You, you said that you've done some robberies before to get some money…

P: Hmm, nothing major. I never did nothing major with gunpoint or anything like that.

W: Okay. After the robberies that you had done, what did you do after those?

P: What did I do after that?

W: Yeah

P: Well, I've been incarcerated for five years before all this…

W: Right

P: …And I went…

W: I mean right after them, would you just hang out afterwards? Or would you run away so nobody could see you or find you?

P: I don't know, man. I really don't. That night…

W: You don't…No, no, not that night…um, before when you did other ones?

P: Oh, I never did nothing major like that. You're talking about, like, go to the store come out with some pants or something…inaudible

W: Yeah.

P: …some clothes because I had no money or some clothes because I have no money.

W: Uh-huh. And would you just hang out afterwards or would you take off?

P: I would take off.

W: Yeah? Why do you think, um, you didn't take off that night?

P: I did take off.

W: You did?

P: Yeah

W: What'd you do?

P: I went through the side. By the time I walked out the cops were on their way down the hill and up the hill.

W: And you're familiar with Eucalyptus Park, right?

P: Yeah

W: You know it's right there next door to the CVS?

P: Yeah. There was cops in there too. There's cops all surrounding that area.

W: How do you know there were cops there?

P: Oh, cause the cops pull out by the YMCA and then up the hill. I just know there was a bunch, I was surrounded by cops that time I walked out the CVS.

W: Mm-hmm. Did you see them up on the YMCA because you crossed the street and could look up behind the park and see that?

P: No, I just know I was surrounded already by the cops.

W: Mm-hmm. Would you do, did you see the, the gate next to the park when you crossed the street?

P: The gate?

W: Yeah, the little walking gate.

P: Oh, no. I didn't go that far.

W: How far did you get?

P: I'd say up the hill.

Since you got out of CYA about a month ago, you haven't been working. You didn't want to go to a sober living house. So you decided to, to kind of go on the run and just make ends meet however you could. You believe the first night that you got out you went to a CVS down on Fifth. And you actually, uh, went in and told the clerk that you had a gun...

P: This is, this is just recently...

H: Okay. And you did a, you did a robbery...

P: Mm-hmm

H: Um, since then you've been using alcohol and methamphetamine on numerous occasions. Uh on the night of, the other night when you were walking down by Walmart you found a gun, uh, on the ground. You decided to go to the CVS right across from Eucalyptus Park. And when you went in there you wanted to commit a robbery. You were wearing a Chargers hat, a Chargers shirt, and the blue shorts and you went up to the counter at the girl, and you actually committed a robbery there. At first she thought you were joking but you showed her that you weren't joking...you said you might have hit the gun on the counter.

P: Right

H: You left there. Uh, you walked out towards a car but you decided not to take the car. And then you walked out onto the side of the street. When you got out to the side of the street, the cops showed up really quick and you believe that you might have had the gun in your hand...

P: Mm-hmm

H: It sounds like to me like you get kind of blurry right there, that you don't really quite remember much of the interaction but you don't remember shooting at the officer. You just remember the next thing you know you think the officer shot you three times. One of

the times he obviously hit you in the leg because you said you went right down to the ground.

P: Yeah, I did.

H: You said, I don't, uh, you don't recall I told you that there was four expended casings out on the street and one live round on the sidewalk. And you said you don't remember how those got there.

P: ...inaudible...

H: Um, after that, uh, you were brought up here to the hospital. And you haven't had any real communication with any police officers until we came up here tonight.

P: Right

H: When I asked you if there was anything that would make you act crazy...you said it was most likely the combination of, of being desperate, methamphetamine, and alcohol. Um, um, but you don't have any real recollection of actually shooting at the police officer. Uh, since you've been out on CYA you've been bouncing around from house to house, friend's, mom's, hanging out in the, in the area...

P: Mm-hmm

H: ...Um, but you really don't have any beef with police officers. If you had that, that female clerk here you said you would be, you would tell her you apologize. Um, and that you also said that you felt better that if you did shoot at the officer that he wasn't hurt.

P: Oh, yeah

H: Is that fair?

P: Yeah

H: Is that a fair representation of what I basically just said?

P: Yeah

H: About what happened the other night?

P: Right

H: Okay. Do you have anything else to add?

P: Nope

N: Yes, I did.

H: ...leading into Monday? Was there anything spoken in roll call regarding, uh, anything that caught your attention as, uh, officer safety issues or anything that was out of the ordinary in roll call?

N: Uh, they spoke about an incident that happened on Third Avenue, I, by the old Kmart on I think it's one thousand Third, it, uh, started off as, um, as a DV and then ended up with a guy, uh, falling, either being knocked down and, and eventually I believe he lost his life. And, um, and then they also discussed the, um, the case that I wrote up on my last,

on my Friday which was Thursday, um, Wednesday leading up to Thursday of last week, where um, um, a lady by the name of [redacted] took a beat down really bad and, uh, and, um, I was not surprised but I was, um, um, well, yeah, I guess I could say surprised that the, uh, the injuries that she sustained were, uh, much more severe than what originally I believed to be.

H: Now, uh, recently, uh, over a span of a few months, um, have you, have you heard or noticed anything going on in the, in the city regarding a, a possible rash of, uh, armed two-eleven's?

N: They've been, um, they talk about it at roll call. I'm not exactly sure if the, um, if, it's a series or not. But I have heard that, um, a, a former, uh, taco shop down on Third and Montgomery got robbed by the same individuals that robbed another spot and also a third place. I don't recall the, the, the names of the businesses or the, um, uh, locations.

H: Would it be fair to say that we've had an increase in the, in the, in the armed robberies around the city of Chula Vista lately?

N: Yes

H: Okay. Uh, were you aware that there was a, a couple, uh, close to, or near the Pine Palace liquor which is on the zero hundred block of Third?

N: I don't recall the, uh, the location.

H: Okay. Um, and, uh, so, just so we're clear, when you started your workweek, which was Sunday night into Monday, everything seemed to be fairly normal regarding your home life and your work life?

N: Yes

H: Okay. And then when you went to roll call you discussed some local problems throughout the city of Chula Vista so people on the beat have knowledge of what's going on around their…

N: Yeah

H: …their section of work?

N: Yeah. They, they discussed also other issues that had happened during, on the days off and they just wanted to bring us up to speed…

H: Okay. Do you remember what vehicle you were using last night?

N: Last night I used P40.

H: P40? Okay. And, uh, are you right-handed or left-handed?

N: Right-handed.

H: Right-handed. And do you carry a, a department-issued weapon…?

N: Yes, I do.

N: Yes, I do.

H: Is it a Sig 226?

N: 226

H: Okay. Did you, did you actually use your two, your, your department-issued handgun in this incident…

N: No

H: …that took place last night?

N: No, no I never even unholstered it.

H: Okay. Um, and then, uh, after roll call took place last night, uh, scratch that. Um, our last department-mandated qualification for firearms, did you, did you attend that qualification?

N: Yes, I did.

N: Yes, I did.

H: Thank you. Um, now once roll call was, was finished last night, being Sunday night, um, did you have anything to tend to here at the office or did you go, immediately go 10-8?

N: I checked on one report that I, um, that I was curious about and that's the report I was, uh, mentioning earlier about, uh, [redacted].?

H: Oh

N: Um, no I'm sorry she's not [redacted] she's, uh, [redacted] I believe she's [redacted] And I just went back to my, um, to my, um, uh, Net RMS to see if, um, if everything had gone through and realized that um, that, uh, that I had received a, um, a kick-back because I needed to add, um, I needed to itemize all the evidence that was logged, that was logged into evidence and I needed to break it down in the body of the report. So then I had that, um, in the back of my mind that I needed to do that before the end of the shift this morning.

H: Okay. Gotcha. So just so I'm clear, uh, because I believe we have that case too, you're talking about the, the transient woman that was…

N: Yeah

N: Yes

H: Okay. And you were one of the case officers on that?

H: Okay, thank you. So, once you finished up looking into your other, uh, your other chores, uh, you eventually went ten-eight in P-40?

N: Yes

H: Do you remember about what time that may have been?

N: Uh, shortly after ten p.m.

H: Okay. And then, uh, uh, earlier in the walk-through you stated that you were, uh, somewhere around, uh, zero one thirty hours you were, you were covering Officer Garza in the 700 block of F Street on, on a contact?

N: Yes, um, I heard him, um, put out that he had ran a plate or ran a subject. And, and, um, and he wanted to obtain more information so I started drifting...I asked, I assigned myself to the call and I started going in that direction. And when I got there, um, I found his vehicle parked in the, in the parking lot of apartment, of an apartment complex. And then I found another patrol vehicle, and I later learned that, that was Officer, um, Jeff Smith's vehicle. He was parked on F Street. But I didn't see the officer. So I, I parked and I started looking around for them. And then five minutes into it, uh, I see him come out from the other apartment complex that was um, um directly to the east of where I saw the vehicles parked. And, um, and Officer Garza said, why don't you go ahead and take my spot where I was parked and I'm gonna go loop around the, uh, the block to see if this guy that I'm looking for re-surfaces or double-backs.

H: Okay. So you, you're assisting Officer Garza in the 700 block of F Street...

N: Yeah

H: ...Um, when Dispatch asks you, you guys to clear?

N: Yes

H: Okay. You and Officer Garza, uh, clear, uh, and did they give you a description of what was taking place?

N: Yeah, the, um, I was still parked at the parking lot there with my engine off. And as soon as, uh, the ask, they asked us to clear, I, I'll turn the car on and at that point, that's when I saw Officer Garza, um, speed right in front of me. Now he's traveling from Woodlawn, um, eastbound on, on F towards Broadway. And the call is coming out as a, um, um, C, as a robbery, armed robbery at the CVC, um, Pharmacy.

H: (Coughs) And just for clarification purposes, you're talking about the CVS store...?

N: CVS Pharmacy, yes.

H: Okay. And is that located at... [redacted] Third Avenue? Or at the corner of Third and "C."

N: No, it's, um, I want to say it's Fourth...

H: I'm sorry, Fourth and "C."

N: where Fourth, yeah, and "C" come together.

N: Southeast corner, yes.

H: Okay. Thank you. Um, so did, so both you and Officer Garza, you're in separate vehicles. He's slightly in front of you. You guys are responding to this armed two-eleven that is, that was called in from the CVS Pharmacy.

N: Yes

H: What was, what was some of the description that was given if you can remember?

N: They, they put out a, um, a ball cap, uh, Chargers ball cap with, uh, with a Chargers, um, um, shirt or jersey and long blue shorts.

H: Okay. Did they give a description of what kind of male?

N: I don't recall.

H: Okay. Did they give a description of it being a male?

N: Yes

H: Okay. So as far as you know when you're responding slightly behind Officer Garza, you say that the, it's an armed two-eleven, uh, with a, a male wearing a Chargers ball cap, a Chargers shirt or jersey, and some long or blue shorts?

H: Okay. And when you were traveling eastbound in F approaching Broadway, did you guys, uh, continue through Broadway or did you, did you turn?

N: We traveled northbound on Broadway, made a right on E, which is now back eastbound. And then, uh, Officer Garza really punched it. He was, he got way ahead of me. And, uh, and then I seen him just as he turned northbound on, uh, on Fifth Avenue…

H: Okay

N: …uh, I was still finishing my turn down here at um, um, um, Broadway and E. He was already way ahead of me. So, I, you know, I, I got up there myself. And, um, and when I turned on, on Fifth Avenue, I, I could see that he was coming to a stop because his brake lights, uh, lit up. Um, and now he's way up there, maybe, what is it, like, two, two and a half blocks from, from where I'm at…

H: …So…

N: …I'm already making the turn northbound on, on, onto Fifth…

H: Okay. So, so basically Officer Garza turns eastbound on E from Broadway. He jumps a, a good distance in front of you. You make the turn. You see him basically turning northbound on Fifth…

N: Yes

H: …When you turn northbound on Fifth also, you can see Officer Garza's police vehicle farther to the north of you. But you also see him apply his brake lights?

N: Yes

H: When you guys were responding, did, was Dispatch giving any updates as…

N: Yes, oh yeah…

H: …to the location of the suspect?

N: Yeah, they had already broadcasted that he, um, uh, last direction of travel was toward the Eucalyptus Park from, from the (inaudible) and I, and I began to, um, put together a mental, um, photograph per say of, of the surroundings. And I knew that across the street was the Jack-In-The-Box, the DMV, the pharmacy, Starbucks on that side, the park, the big park on this side, and then Target across the street. Um, in my mind this guy is just robbed the place, or attempted to rob the place. And now he's going across into the, into the, uh, the park, across Fourth Avenue into the park. Um, for some reason I, I believe about that gate that's, that's between C and D, there's a gate that, that lead's up to the park. It's no longer than a, than a normal size door. For some reason I, uh, uh, I imagine myself the guy going right through there. And, and, and that's what, that's what, what was playing on my mind.

H: Okay. And to get further description on, on the park itself. Uh, Eucalyptus Park is directly west of the CVS store across Fourth Avenue. Is that accurate?

N: Yes

H: Is it, uh, is the park well lit or is it, is it a dark location, uh…?

Chula Vista Police Department

N: At that time of night it's very dark.

H: It's very dark. Is, uh, is it common for people who have committed crimes such as beer thefts or robberies or things like that, uh, in that location of the CVS or the Jack-In-The-Box or the Target, to run through Eucalyptus Park?

N: It's a very good hiding place.

H: Okay.

N: And in the past we've, we've encountered several, um, or we've dealt with people that are doing things either at the Jack-In-The-Box, the Starbucks, and immediately they, they head for the park because of the, uh, the, uh, all the trees and the vegetation, very, a lot of places to hide.

H: Is, uh, is it also accurate that the park also leads to the south of the park leads to apartment complex off of Monte Vista. Is it also accurate to say that the, the park leads out to Fifth Avenue to the very west, which leads onto streets like McIntosh and Casselman and things like that?

N: Yes

H: Okay. So it would be a, it would be the direct shortest route to get to those locations is to go through that dark park also?

N: Yes

H: Okay. So when you were responding to that location from the 700 block of F Street and

you guys turned north on Fifth Avenue, uh, was that in anticipation of the suspect and some of the information given by Dispatch that the suspect had actually possibly traveled west across Fourth Avenue towards Eucalyptus Park?

N: Yes

H: Okay. So to get back to where you described the fact that you turned north on Fifth and you see Officer Garza's vehicle hit the brake lights, can you describe what happened next please?

N: Uh, I got a little closer to him. And maybe within a, a block or half a block, I shut my lights off so I wouldn't blind him, and then I rolled, um, uh, to a stop right behind his vehicle. By then he had already exited his vehicle. And I noticed he had pulled his, um, his, um, long rifle, his, his AR-15. My windows are up. My lights are off. And then I, I see and it's dark, but I see him doing this kind of, uh, waving me over. And I'm not sure exactly what he wants to tell me. So I lower my window and, uh, and then I heard him say I got this perimeter, um, head on, head on over to the scene, or make you're way down to the, to the scene and see if you can put out some additional updates.

H: Okay. And, uh, okay, I'm, I'm just trying to get clarification on where Officer Garza may have been at that point in time. Do you know where the, the American Legion or the, the VFW place is?

N: Yeah, I know exactly where it's at.

H: Yes, sir.

N: Um, he is south of that location. Uh, and I do believe there is a set of stairs that lead to, um, some ball fields there...

H: Okay, okay.

N: ...But I, I right now I don't remember for sure.

H: Okay. Is it fair to say that, that also if, if, if we're located at that location on Fifth Avenue, that you have an, an, an upper view. You're above the area below by Eucalyptus Park so you have a better view of the entire area? And you might possibly be able to see a suspect coming towards Fifth Avenue if you, if you're in that location?

N: ...um, by remaining on Fifth Avenue.

H: Okay. So, when he told you to go ahead and, and respond to the CVS, uh, did you go ahead and do that?

N: Yes, I immediately backed up my car, went around him, and continued going on, uh, northbound on Fifth Avenue toward C, C Charles...

H: Okay

N: ...Street

H: Okay. And when you got to C, did you, did you eventually turn eastbound?

N: Yes, I did. Um, making sure that, um, um, that I was scanning the area as I was driving. I wasn't driving very fast. Um, I was scanning the area. I looked all the way down. Um, I'm not really sure what's on the left side, but I looked to the left and I didn't see any, anybody walking. And then I looked to the right. And, uh, and as far as I can see there is no one but I'm not really sure what's beyond my, my line of sight because it's very, really dark...

H: Right

N: ...in the park.

H: So when you make that eastbound turn onto C Charles, it's, you have the tennis courts and the, the Eucalyptus Park is on your right-hand side to the south. N: Yeah. It took me a little while to get from, from Fifth to Fourth because I was really scanning the area to give Officer Garza some updates if I did see someone, a shadow or something moving through the park towards his direction I wanted to give him a heads up.

H: So as far as you know at this point in time, it's basically the, the only two officers in the area are you and, and Officer Garza?

N: Not common at all...

H: Okay

N: ...and to, and to remain at the scene totally I mean now that I'm thinking about it, totally threw me off of guard.

H: Right

N: ...My, since there was no traffic at all and no pedestrians anywhere, my first reaction was I need to get to this person, get, obtain info and start putting it out. So what I did I crossed this set of line, um, lanes that are...

H: Yes

N: ...traveling southbound and then I, I went on, uh, opposing traffic. And as I made my turn, as I made my turn I realized that this person began to walk towards me...

H: Okay

N: ...and, and with, without saying a word, no hesitation, it's just POW-POW-POW he

starts, um, shooting his gun at me, shooting at me…

H: Okay. So, if I can back up for just one second. When you said I wanted to get to that person as quickly as possible so I could put out some information, what type of information are you talking…?

N: I wanted, I wanted to obtain as much as I could from, from him because I already knew that my partner was in a perimeter…

H: (Coughs)

N: …possibly, possibly getting ready to, to, to meet up with his guy, as he's in my mind traveling westbound through the park.

H: Okay. And if, if you can recall, anything going through your mind all of a sudden when you're in that position and you re, and you realize that, that person may or may not be the

H: ...with your earpiece in your, in your left ear?

N: Yeah, left ear...

H: And you can actually hear people talking on, on Dispatch One in your earpiece, but you can't hear them on your, the speaker of your radio that's in, in P40?

N: Correct

H: Okay. So at that point in time when you duck down and you went to grab the microphone to put out some information you, you can actually, you're actually acknowledging the fact that you're not hearing yourself talk, so you realize that it's not going out over Dispatch One. Is that fair to say?

N: That's correct.

H: Okay. And when you duck down (coughs). Excuse me. When you duck down to the right, did you completely lose sight of the suspect…?

N: Yes, I did. And, uh, and then immediately since I realize that nobody could hear what was, what was happening to me, uh, I peeked back up and he had, he hadn't continued forward. He was still standing, or he had taken a few steps forward as he was um, um, you know, shooting at me. He stopped at that, he didn't take no more than five steps forward. So then I, I quickly switched to, to, to the correct frequency. And that, that, that was when I was able to say that I was taking rounds.

H: Okay. And, um, when you describe the person as shooting at you, you make an actual motion with your right arm and you actually punch it out in front of you at, like, shoulder height. Is that an accurate depiction of what you recall? I mean, you don't actually see the person's arm going straight up in the air like, like a high five kind of thing or straight down towards the ground, you actually can, can envision the person's hand punching out directly at you?

N: …In the, in the direction of my vehicle, yes.

H: Okay. (Coughs). Because if you realize that if a person was actually punching his hand up and firing in the air that he'd be just firing straight up in the air. And if they put it down on the ground they'd be firing in the ground. But if they punch directly at you like we do in the range when we punch at our targets, we're actually focusing and trying to hit that item that we're punching at? Is that fair?

N: Yes

H: Okay. And as you sit here today, do you, you believe that's what the suspect was doing was actually punching his gun at, at your vehicle and at you?

N: Directly at me. Yes.

H: Okay. Now when you (clears throat), when you say he started shooting at you during our walk-through, you, you estimated four or five shots, uh, at you, uh, when you actually ducked down...towards the passenger seat. Is that accurate?

Chula Vista Police Department

N: That's about right.

H: And when you peeked back up and you saw him still standing in the same location and you switched it back to Dispatch One to put out some information, did the, did the suspect stay at that location?

N: He stayed at that location. And then at that moment I reached over and, and I grabbed the, the um, the, uh, the latch to open the door. And I kicked it with my leg. At the same time I, I, I, um, hit the release button on the, uh, for the, um, the, uh, the long rifle, and scooped it out of there. And then took another peek. And I noticed he was still there. So I kind of start exiting the car and then the strangest thing happened. All of a sudden he starts, he starts cutting across, without saying a word. I don't remember him saying anything or, or yelling or any...nothing. He just starts walking somewhat casually but not, not, not fast across the street at, at a diagonal, diagonal, uh, angle. Now he's traveling westbound across Fourth Avenue.

H: Fair to say it was, it's kind of like at a southwest angle?

N: A southwest angle.

H: To the street?

N: Yes

H: Okay. So when you click over and you grab the, the AR-15 out of its holder, did you actually exit the vehicle at that point in time and, and stay at the driver's side? Or did you move to another location?

N: No, I moved directly to the back of the car to get more, additional coverage of the whole, um, the entire vehicle, and, you know, including the engine…

H: Okay. Um, if you can recall, when you pulled the AR-15 out, did you have to chamber, uh, rack a round into the AR-15?

N: Yes, I was walking directly, when I was walking directly to the back of the car, I made sure that a round racked in there and I released the, the release lever…

H: The slide?

N: The slide and, um, and I, and I know for sure that, um, a round got in place…

H: Chambered?

N: Chambered.

H: Did you have to actually put the aim point on? Or, or do you think it was on? Or do you,

do you think you…

N: I don't remember seeing the aim point.

H: Okay. Um, now when you, when you exited the vehicle and you walked back to the rear of P-40, did you walk backwards or did you lose sight of the suspect, uh, again?

N: Uh, I missed, I may have lost sight of him for just momentarily. As I'm walking to the back of my patrol car, he's walking across the street, this time he's got, he's got um, um, uh, a silver object in his hand, in his right hand. And he's, he isn't saying a word. He's just walking across the street. And then I took a position at the, uh, right rear corner of my vehicle.

H: Now when you took the position of the right rear corner of the vehicle and the suspect continued to walk in a southwesterly, uh, direction, was he running?

N: No

H: …in a south? I mean, was he, was he, like, did it appear to you like he was trying to evade or get away?

N: No

H: When, when he reached to a certain location…now during the walk-through you claimed he made it almost all the way…he either made it all the way over to

N: Yes

H: ...And really close to that location, is it fair to say that that's the entrance to Eucalyptus Park right there that you were talking about?

N: Yes, yes

H: So, when you actually took a position of advantage, were you standing at the rear of the trunk? Or were you kneeling to maximize your, your cover?

N: At first I was watching him right through all the glass, so I was kind of, um, not kneeling but I was kind of hunkering down, leaning there, leaning up against the, uh, trunk of the vehicle, just watching him. And that's, that's when I was able to broadcast that he was still, uh, in the area and he had just walked across the street. I believe that's what I broadcasted.

H: So, as you sit here right now when you approached, is it fair to say that there's parking lot lights and there's a streetlight really close to that area so the area is pretty well lit?

overhead lights activated?

N: No

H: Okay. Uh, is it fair to say that if you did have your overhead lights activated that you would have, you would have noticed because they're extremely bright?

N: Yes

H: Okay. Um, from the initial spot where the suspect was standing and when you pulled your vehicle, uh, it's a, it's a marked police vehicle, right?

H: Um, standard to say that, that everybody in that area who would have been able to look at you would have known you were a police officer?

N: Yes

H: So, when that suspect walked in a southwesterly direction and he made it to that sidewalk and you were from the position of cover, uh, and he made it to the sidewalk, what happened next?

N: He made a U-turn...the same thing...but, but headed back to the same spot.

H: So

N: Same, same walk, same type of pace walking back along the same original travel line.

H: So fair to say now that you've probably realized once that this person shot at you that he's most likely the suspect from the armed robbery from the CVS store?

N: At this point I have no doubt. Because now I'm looking at his long, um, dark shorts and then the, uh, the jersey that he's wearing.

H: And (clears throat) so that person who you believe to be the armed robber from the CVS as you arrive into the location, he shoots at you four or five times. You exit your vehicle. He actually starts walking?

N: Yes

H: Normally walking in a southwesterly direction. He gets to an area on the sidewalk that's very close to proximity to the entrance to that dark park you're talking about. And that person, that suspect suddenly makes a U-turn and starts walking right back to, towards the original location where he fired at you from?

N: He, he started walking right back and at the same pace. He didn't increase or decrease his, uh, his speed in his walk. Casually walking but not, not like a stroll but it was more of a, of a normal walk. Not in a hurry, but at the same time not, not dragging his feet.

H: Was he looking around or was he looking directly at you?

N: He was looking directly at me.

H: Did, when he made that U-turn and started walking back to that same location, did, were, was anything running through your mind? Was that surprising to you? Did it, like, did you go, uh, what is going on? Or, if you can recall?

N: I was totally not sure exactly what this person was going to do next.

H: And, and just confirming he still had what you believe to be the silver handgun in his hand?

N: At, at that point I believed that he was coming back for more to do, um, exactly what he already done when I pulled up, um, originally.

H: Now, when you were at that position of cover, and you were trying to, to get a look at him from that position of cover, did you ever make eye contact with that individual that you know of?

N: Well, we, we were kind of far apart and it was a good distance apart. I don't, I don't remember if he saw my, my face or if I...

H: Let me rephrase this.

Chula Vista Police Department

H: ...from that?

N: Oh yeah

H: Okay.

N: When he walked back across the street, um, I was very shocked. Because I was, I was very concealed behind cover. And, and I wasn't peeking my whole head past, past the right side of the car. It was just enough to get a, a look to where he was at so I can keep an eye on him as he was walking back across Fourth Avenue. And every time I was just getting off of, uh, my, my eye to, to look past the car, he would do the same motion that he did right when we first met. He would briskly walk, walk forward and punch at the direction of where I was at. So then I would duck back in behind the car. And then he stopped at the same exact location to where he had been all along.

H: And that's on the sidewalk back on the east curbline?

N: Yeah

H: So (clears throat) just for clarification, the suspect walks across to the west curbline, gets

on the sidewalk, makes a U-turn. This whole time he's just kind of keeping you in, in sight, and looking at you. He walks directly back now at a, at a northeasterly direction...

N: Yes

H: ...back towards his original location where he fired the multiple shots at you before. And the whole time is continuing to keep tabs on you where you're at, and at, at multiple times when you actually peek around the corner of your car, he's actually pointing that shiny object back at you in the same motion that he did that's similar to the way he did before when he was on the sidewalk and he fired multiple times at you?

N: Yes, every time I would look on, on the side of my, my patrol car, his hands would come up in the air, um, you know, at chest level, he would take a couple of steps forward. And I don't remember if he shot additional rounds at me or not. And then I would get behind cover again and his hand would go back down. I would peek again. And then his hand would go back up again. The second time that I saw him do that, the third time that I saw him do that, I actually fired. I squeezed the trigger but it, it didn't go anywhere 'cause I still had the safety on, on the rifle.

H: Oh, okay, so you actually tried to fire at him.

N: Yeah

H: ...one time and you found the safety was not disengaged...

N: Correct

H: Did you disengage the safety at that point?

N: Immediately I disengage and then took cover behind the car again.

H: Okay

N: I peeked one more time around the corner and he did the same thing. Took a step or two forward and, and did this punching, uh, motion towards, towards me. And then at that point I, I fired a round.

H: So, uh, when he's doing, now when you disengaged the safety on the AR-15, you, you didn't immediately just raise it and fire? You actually took cover again and you, you did the same motion to get a better view of him and when you did, he did the same motion with his hand, uh, punching it towards your location. Uh, you had mentioned, uh, earlier that you didn't know if he was actually firing or not. Um, uh, but it, it resembled the same motion as he did when he was firing before...

N: The exact same motion.

H: ...Did you perceive that as a threat?

N: Yes, an aggressive motion, a punching motion, directly in my direction and, and, I'm, and what was running through my mind is that somehow this guy is, he's, he's, he's, he can see me. I don't know how he can see me. You know, because I'm not exposing that much of my, of my, of my head. But as soon as I peek around the car just to keep an eye on him, he immediately raises his hands and I'm, and I'm thinking another shot is coming so I duck back and we're doing this thing back and forth and on the third time that's when I, I shot a round.

H: And did that round have any effect on him?

N: No, he didn't, he didn't move, so I must have, I must have missed.

H: Okay. Did he stop or did he continue his same trajectory of motion or?

N: The same. He must have done this, we did this back and forth, hiding, peeking, half a dozen times.

H: And, uh, did, did he continue the same aggressive motion of punching at you with his arm after that first shot was fired?

N: Yes, he did. And, um, uh, and I was really surprised that he didn't continue to advance at me. He remained kind of like in the same area. Maybe a foot closer to me but not much closer. And we were still at a good distance. So when he did that, did that again, I fired another round and he, and I believe I hit him because he, [redacted] something had just grazed him or, or maybe a reaction to, to, to, to, to the, to the shot, or to the muscle fire.

N: I believe he, [redacted] on the second shot.

H: All right. Now did, did that, that, did that second shot get him to stop doing that, that, that...

N: No

H: ...same assaultive motion?

N: No. He, uh, he had his, he, he did the skipping motion, the little kicking motion. [redacted] Kind of went in, in, um, across [redacted] But he was still standing. He didn't fall down. So then I see him go, go with his hand again, and then that's why I fired the third round and that one is the one that hit, that put him down.

H: And, uh, and when you fired the third round and it put him down, what happened after that?

N: By then I could hear a lot of radio talk on my earpiece, um, um, sirens coming my way. Um, I noticed that a, um, a patrol vehicle, um, when, when I, when I, when I shot the third time and then I know that I hit him, and that he went down, I saw that his, that something in his hand either flew off of his hand, a shiny object, or, or his hand was holding the shiny object and it, and it kind of did one of these numbers on his way down. And, um, I guess, um, motioning, like a circular motion above his head, and then when he went down, I'm not sure if the object was still in his hand or if it fell near where he was at.

H: Okay. And then, uh, and then what happened? Did you...did you remain at your

location? Did you advance on him...?

N: No

H: ...or did you wait for a partner to get there before anything happened?

N: I stayed behind cover and then I started seeing vehicles come out from, from, um, from C Street. And my, and my worry was officers coming down northbound on, on Fourth Avenue. Because at this, at this point I'm thinking to myself, okay, if he, if he's, he's obviously just injured because I, I believe I hit him [redacted] And my, and my mind is running. Okay, if he's going to get that gun again and I'm going to have to open up on him again and guys are coming down the hill, it's gonna be, um, crossfire. All of this is running through my head. But I don't remember seeing anybody coming down the hill. But what I did see was an officer that came down from somewhere. I don't know if he came from here or from this direction. But he traveled southbound on, on Fourth Avenue and, and cut across the island. There's an island right about here and parked his vehicle right about, right about that location.

H: Did you happen to see, did the clothing match what was previously given to the Dispatch?

N: Yes

H: Okay. So the, needless, is it fair to say that the situation as far as threats were concerned were, was settled? There were no other threats to officers or anybody else?

N: Yes, once I saw Sgt. Powers remove the, uh, the object or the gun, the weapon from him, um, I'm, I'm moving forward and I realize I saw other officers coming behind me and they're all carrying rifles. So I told one of them, hey, let me have your rifle and, and, and go put handcuffs on him. So I took, I took the officer's rifle, I believe it was, um, Officer, um, Rodriguez. And then I looked again and there was someone else. I don't know who it was that was already, that was already, uh, going hands on and putting handcuffs on the, on the, on the suspect.

H: Okay. And after, at some point in time, you were relieved of your AR-15 by somebody at the scene?

N: Yeah, I didn't stay in front of the, uh, of him very, very long. Because, uh, what I ended up doing as I was walking I activated my, my recorder. And, um, because I remember what I would, what I had been, um, advised to do in situations like this, that even after something critical happens, activate your recorder. Somebody may say something that could play a role later down the road. I activated my recorder and, as I was walking up to, to him and I asked him, "Why did you shoot at the officer? Why did you shoot at the officer?" And the guy didn't respond. He was just, um, uh, you can hear that he was moaning in pain.

N: (long pause) Yes

H: ...Would, is...

N: ...It is related to the incident. Um, what was running through my mind was that although I heard and saw shots being fired at me, I never heard them strike the car. And for a moment I believed that maybe the gun wasn't even real. I, I didn't know. And, and that started to play in my mind. Like, oh my god, was the gun for reals? Because at that distance for him not to hit my car, who knows where the rounds went. I mean, it, it was, I'm in direct line of sight and, and I thought for sure that I would see a, a cracked windshield, or I would've heard the sound of the, the, uh, the bullet impacting my car but I didn't hear anything. So that was, that's the part that was going through my mind. Uh, I wasn't sure, was it a cap gun, a, a, a cap gun, a starting pistol. What was it? (Pause). (Voice breaking) When I handed my rifle to Sgt. Carlson, I asked him, was the gun for reals? He told me yes.

H: And what did you, what did, what, what went through your mind at that time?

N: That I could've easily been killed. (Voice breaking)

H: And, I, I appreciate your honesty and your sentiment, Mr. Naranjo. And, um, what, what would that signify to somebody like yourself?

N: Very devastating.

N: Yes

H: You know? Do you think that honestly in your, in your heart and in your mind that this incident has completely saturated into you. And that you've actually, you still might learn some things from this incident even within the next couple of days?

N: Oh, yes

H: Okay

N: I have no doubt in my mind had he not started shooting at me, I would have driven right up to him because in my mind he was the victim of a robbery, of an armed robbery.

H: And if you would have been closer to that individual, would that have been worse?

N: I don't know how those rounds didn't impact the car or didn't impact me.

H: You know, when, when you heard those sounds go off, did you think of anything on your personal?

N: I wanted my safety to be number one and that's why I took cover behind the center console. I couldn't think of nothing else but to create distance between him and myself. Because I knew this was not how...but who, who stays around? Who stays around after they, they rob a place and hang out for another two, three, four minutes and wait for the police?

H: Yeah, I don't know.

N: Who...my mind was thinking, okay, was he trying to, was he trying to, you know, get me to kill him? Was this that, that, that famous suicide by cop? Uh, was he just spun out that he didn't know left from right or, or, or right from left that he stayed at the scene?

H: I think...I, I don't know if anybody can answer that question for you right now. Maybe, maybe the suspect can answer that when he has an opportunity to speak. However, something that you stated sticks out to me as very important is your description, including your physical description of it, when you talk about the suspect punching that what turns out to be the gun directly at you, you know? And, you know, when I asked

you, you know, do you think that person was actually attacking you? You said absolutely, I have no doubt.

N: No doubt

H: You know, and that's, that's what resonates with me, you know, uh, you know, if, uh, you know, if, you know, obviously, this was a very, very serious situation but yet also very perplexing. Is that fair to say?

N: Yes, it is.

H: And the suspect's actions were not typical. Is that right?

N: Not typical at all.

H: So, um, I don't have any further questions right now. Uh, do you have anything for him, Agt. Winslow?

W: No

H: Uh, you know, uh, obviously we, we went through a very, very detailed statement with you. That was completely voluntary. I thank you for that. Uh, if there is anything that you learn over the next couple of days that you remember that we didn't get down in this interview, if you could please contact Mr. Adams, let him know, uh, and maybe we can actually, um, have some sort of, uh, open communication, whether it be on a conference call or through another, uh, meeting, uh, if that's possible.

W: Before we, we end here, is there anything that you're thinking of that you, that we

haven't asked that you think is important? Anything that you felt or thought?

N: Well, we didn't, we didn't discuss, um, why I, uh, selected the uh, the, uh, the rifle, versus my uh, my duty weapon. Um, I selected the, uh, the rifle because of the distance between me and the suspect. And, um, and I wanted to have the advantage as far as, uh, higher fire power than he did.

H: And that's, and we had discussed that also during the walk-through. Is that, is that fair to say?

N: That, that's correct.

H: Okay. Um, so, okay, uh...

A: Uh, I just want to point out for the tape that, uh, prior, uh, to, um, coming in we gave you the tape recording that he turned on. We gave you his personal tape recorder...

H: Absolutely

A: ...so that you could have the, uh, whatever recordings on there for this, uh, investigation, that's relevant to this investigation...

H: Uh, excellent...

A: ...and when you have that, um, downloaded, if you could give that back to him we'd greatly appreciate it.

H: I will do so and just for clarification on tape, uh, Raul, uh, Officer Naranjo gave me an

Olympus, uh, digital recorder that he had activated, uh, shortly after the, uh, shooting incident, uh, and did pick up some communication between Officer Naranjo and one of the sergeants on scene. Officer Naranjo told me that it's contained in folder number A in, uh, recording number eight. I will place that recording onto a disk and I will, I will return the Olympus Digital Recorder back to Officer Naranjo.

A: And since that's his personal recording, that's the one he's giving you permission to access.

H: Thank you. And then, uh, uh, also, well, let me, uh, I have no further questions. Do you have any further questions?

W: No

H: Mr. Adams anything from you?

A: Nothing, thank you.

H: Raul, anything from you?
